To Stevens' Board of Trustees:

Today I share with you a few highlights of the Spring 2023 semester at Stevens. This [brief video](#) showcases some of the most exciting activities and achievements our community has experienced during the last few months, including a stellar new cohort of graduate students, an outstanding career outcomes report for the Class of 2022, new levels of research expenditures, a record-breaking cycle of undergraduate applications, an exceptional Innovation Expo and a triumphant men's volleyball team, among many others.

None of these achievements would have been possible without the support and contributions of the Stevens community. Thank you, and I look forward to continuing our great work in the new year.

I wish you a relaxing and safe summer!

Per aspera ad astra,

Nariman Farvardin
President
