MLOA Student Readmission Questionnaire

The following questions have been designed to facilitate the readmission evaluation process after returning from a Medical Leave of Absence (MLOA). Please complete the following questions and return this questionnaire to the appropriate office before scheduling a readmission interview. You may want to share and discuss these questions with your current treatment provider(s) as well. (Please feel free to use more paper if necessary.)

- 1) **How do you understand the reasons that necessitated you taking a medical leave from the University?**

- 2) **How has the treatment you received during your medical leave helped you to better manage the illness or difficulty that precipitated your leave? Please be specific and detailed in your answer.**

- 3) **Should you be readmitted to the University what plans will you make to prevent recurrence of your previous difficulties? What would allow you to cope successfully should you have a relapse?**

- 4) **Do you currently have health insurance that includes coverage for the health difficulty that precipitated your leave? Provide the name of your insurance carrier. Will you continue to have insurance coverage if you are re-enrolled as a student? If re-enrolled, describe any limits to coverage that might limit you from receiving needed care related to the condition that precipitated your leave. If you anticipate limits to your coverage, how do you plan to pay for treatment or medications you might incur in case of a relapse?**

Student Name: _____ Date of Birth ___/___/___ Student ID _____
