CAMPUS NEWS

Bicycle Friendly University

Stevens has been recognized as an Honorable Mention Bicycle Friendly University. The program recognizes universities that promote bike-friendly campuses by assessing engineering, encouragement, education, enforcement, and evaluation/planning.

Stevens Shuttle

Via, the company that operates the Stevens Shuttle, has been recognized by Inc. Magazine as one of 17 business ventures that embodies the U.N.'s sustainability goals. Recognized in the "Industry, Innovation, & Infrastructure" category, Via is hailed as a company that is expanding access to quality transportation and removing barriers to upward mobility.

Campus Race to Zero Waste

As of January 29, Stevens is participating in Campus Race to Zero Waste. The program encourages students to reduce waste production through recycling.

More information to come!

HOBOKEN NEWS

New Bike Path

A new protected bikeway that links Hoboken and Jersey City has been completed. The path connects 18th Street in Jersey City to Observer Highway in Hoboken. This will encourage residents and visitors of each city to choose environmentally friendly modes of transportation.
