

Office of the President

Celebrating Innovation and Achievement in Fall 2024

From: Nariman Farvardin, President

To: Stevens Students, Faculty and Staff

As we conclude another remarkable semester at Stevens, I invite you to watch the video above highlighting our many achievements — from one of our largest classes in history and record research funding to major philanthropic gifts and expanded global partnerships.

I am deeply grateful for your dedication to excellence and innovation. Let us carry this momentum into the new year.

Warmest wishes for a restful and joyful winter break.

Per aspera ad astra.
