To All Faculty, Staff and Students:

We are pleased to announce that Dr. Igor Pikovski, Assistant Professor of Physics in the Charles V. Schaefer, Jr. School of Engineering and Science, has been selected to receive the Stevens Presidential Fellowship award.

The Stevens Presidential Fellowship recognizes a faculty member's achievements in research and their potential for future contributions and impact.

Dr. Pikovski has been at Stevens since 2018. His research involves gravitational phenomena in quantum theory, quantum optics and information theory, and quantum opto-mechanics. Since joining Stevens, he has received research awards from the National Science Foundation (NSF), NASA and the Department of Energy totaling more than \$1.5 million, among them the prestigious NSF CAREER Award.

Previously, Dr. Pikovski served as the ITAMP Postdoctoral Fellow at the Harvard-Smithsonian Center for Astrophysics and at Harvard University for three years. He was the recipient of the Branco Weiss Science fellowship from 2016-2022 and is the author or co-author of more than 30 papers published in high-impact journals.

Please join us in congratulating Dr. Pikovski.

Per aspera ad astra,

Nariman Farvardin
President

Jianmin Qu
Senior Vice President for Academic Affairs and
Provost
