

# What Will Stevens Be in 2032?

A look at the university's new 10-year strategic plan, *Inspired by Humanity, Powered by Technology™*

At Stevens Institute of Technology, every day brings exciting new opportunities to advance human progress, fuel the innovation economy and create technologies that make our world a better place.

Over the past decade, Stevens has distinguished itself as a premier, student-centric university on a remarkable upward trajectory. We are an agile, technology-focused institution located in the heart of one of the most vibrant corporate and technology centers in the world. And we have set an even more ambitious course for our future: *Stevens 2032: Inspired by Humanity, Powered by Technology™*. Following the course set by this new strategic plan will extend and amplify our positive impact on students and the world.

At the heart of our mission is the conviction that our society needs more big thinkers, people whose groundbreaking research, creativity and ambition turn ideas into solutions in areas like artificial intelligence, fintech, quantum science, biotechnology and sustainability. We believe that, by achieving the goals articulated in our new strategic plan, Stevens will further ascend, claiming a place among the most respected technological universities on the planet.

We will measure our progress both quantitatively and qualitatively, with the full understanding that our goals are both interconnected and interdependent. We will not sacrifice quality for quantity. We will not make progress on one goal at the expense of another.

We will change our world as we reach for the stars.

## ◆ Vision

By 2032, Stevens will be a national and global leader in technology-centric education and research, serving as a magnet for exceptional students from all backgrounds who will fuel the innovation economy and for world-class faculty who create knowledge and technologies that transform the future.

## Strategic Priorities

## MISSION

Our mission is to **inspire, nurture and prepare** students for an increasingly complex and technology-centric world, to develop **innovative solutions** to the most challenging problems of our time and to **expand the frontiers of knowledge**.

## CORE VALUES

Excellence  
Integrity  
Student-Centricity  
Collaboration and Innovation  
Diversity, Equity and Inclusion  
Sustainability

# Aspirations

 We aspire to become the destination of choice for promising, academically talented students.

 We aspire to dramatically grow and implement a world-class online learning environment.

 We aspire to create a curriculum and campus of the future, empowering our students and faculty to dream big.

 We aspire to make our mark on the world through groundbreaking research, innovation and technology commercialization.

 We aspire to have a proud, cohesive and connected community.

# Goals

- 1. Undergraduate Education and Experience**

Build a continuum of academic and co-curricular learning, intellectual growth, cultural enrichment and personal development through a technology-infused curriculum in a supportive, high-touch and inclusive environment that contributes to students' professional and personal success and resilience. In addition, grow undergraduate enrollment moderately and strategically.

- 2. Graduate Education and Experience**

Develop a supportive graduate ecosystem that attracts high-caliber students with diverse backgrounds and empowers them to thrive academically, professionally and personally. Our doctoral programs will create knowledge and solutions to global issues, as well as develop future scholars and leaders, while our master's programs will provide lifelong learning opportunities for college graduates and working adults to stay ahead of the technology-driven and rapidly evolving job market. In addition, grow online programs substantially.

- 3. Research and Innovation**

Expand the community of scholars who translate their research into scholarship, discoveries, inventions and innovations to create solutions to the most critical problems facing our society and advance the frontiers of knowledge.

- 4. Alumni Engagement and Development**

In partnership with our alumni, foster mutually beneficial activities and relationships that increase alumni pride in and affinity for their alma mater, advance the mission of the university and create a vibrant philanthropic culture that inspires meaningful support from the Stevens community. In parallel, develop a robust corporate and foundation relations program.

- 5. Partnerships**

Forge and deepen strategic and enduring partnerships with industry, government and other educational institutions that advance the university's mission and amplify the impact and reputation of the university.

- 6. Diversity, Equity and Inclusion**

Attract and retain an outstanding community of faculty, staff and students from diverse backgrounds and cultivate a supportive, inclusive learning and working environment that contributes to a technologically proficient workforce that is representative of our diverse society.

- 7. University Culture**

Foster a vibrant, supportive and sustainable culture where students, faculty, staff and alumni from all backgrounds engage in ongoing activities that strongly connect them to the university and where all constituencies are mutually committed to helping each other achieve their full potential to advance the mission of Stevens.

- 8. Infrastructure and Sustainability**

Optimize the university's resources by continuing to strengthen its financial position and outlook, to modernize and efficiently utilize its physical and cyber infrastructure and embrace clean energy technologies and best practices.

- 9. Academic Reputation**

Expand the visibility of Stevens, its people and its achievements among key academic, enrollment, corporate and other constituencies. Promote Stevens' successes, such that the university becomes widely known as a leader in education and research that is inspired by humanity and powered by technology.
