Please print or type. The primary purpose of this form is to lay out the courses required to complete your degree program and when you expect to take each of them. You may then use it to track your own progress to the degree. You should revise it as needed. Please indicate the term when you expect to take each course (e.g.,2021F,2022S,etc.).Roman numerals indicate the standard curriculum time schedule. If a choice of course is given for the requirement, circle the appropriate course number. For electives, fill in the course number. Any course taken elsewhere should be marked TR. An additional study plan will be required if any of you wish to receive a minor or a second degree.

1. Humanities Requirement- Four additional humanities classes. One of those must be at upper level humanities courses (300/400), and one must be at lower-level humanities courses (100/200), they must cover two different disciplines within CAL.

2. Software Engineering students can choose from a list of science electives courses. Or they can take 4 credits of Math.
For the complete list of courses, please visit the Academic Catalog.

3. General Education Electives – chosen by the student – can be any approved 3 or 4 credit course used towards a minor, major concentration, research, independent study language courses, or a course taken during an international experience.

4. IDE 399 can be taken concurrently with IDE 401 in Term VII as determined by the engineering program.

5. These courses are the Core major courses for the Software Engineering program.

6. Any 500 level EM, ES, ISE, SES, SSW, or SYS course can count towards the Technical Elective requirement.
