### **Explanation of Terms**

You will find terms starting with capital letters throughout your certificate. To help you understand your benefits, most of these terms are defined in the Definitions section of your certificate.

### **The Schedule**

**The Schedule is a brief outline of your maximum benefits which may be payable under your insurance. For a full description of each benefit, refer to the appropriate section listed in the Table of Contents.**

## Special Plan Provisions

When you select a Participating Provider, this Plan pays a greater share of the costs than if you select a non-Participating Provider. Participating Providers include Physicians, Hospitals and Other Health Care Professionals and Other Health Care Facilities. Consult your Physician Guide for a list of Participating Providers in your area. Participating Providers are committed to providing you and your Dependents appropriate care while lowering medical costs.

### Services Available in Conjunction With Your Medical Plan

The following pages describe helpful services available in conjunction with your medical plan. You can access these services by calling the toll-free number shown on the back of your ID card.

## Case Management

Case Management is a service provided through a Review Organization, which assists individuals with treatment needs that extend beyond the acute care setting. The goal of Case Management is to ensure that patients receive appropriate care in the most effective setting possible whether at home, as an outpatient, or an inpatient in a Hospital or specialized facility. Should the need for Case Management arise, a Case Management professional will work closely with the patient, his or her family and the attending Physician to determine appropriate treatment options which will best meet the patient's needs and keep costs manageable. The Case Manager will help coordinate the treatment program and arrange for necessary resources. Case Managers are also available to answer questions and provide ongoing support for the family in times of medical crisis.

Case Managers are Registered Nurses (RNs) and other credentialed health care professionals, each trained in a clinical specialty area such as trauma, high risk pregnancy and neonates, oncology, mental health, rehabilitation or general medicine and surgery. A Case Manager trained in the appropriate clinical specialty area will be assigned to you or your dependent. In addition, Case Managers are supported by a panel of Physician advisors who offer guidance on up-to-date treatment programs and medical technology. While the Case Manager recommends alternate treatment programs and helps coordinate needed resources, the patient's attending Physician remains responsible for the actual medical care.

- You, your dependent or an attending Physician can request Case Management services by calling the **toll-free number** shown on your ID card during normal business hours, Monday through Friday. In addition, your employer, a claim office or a utilization review program (see the PAC/CSR section of your certificate) may refer an individual for Case Management.
- The Review Organization assesses each case to determine whether Case Management is appropriate.
- You or your Dependent is contacted by an assigned Case Manager who explains in detail how the program works. Participation in the program is voluntary - no penalty or benefit reduction is imposed if you do not wish to participate in Case Management.
- Following an initial assessment, the Case Manager works with you, your family and Physician to determine the needs of the patient and to identify what alternate treatment programs are available (for example, in-home medical care in lieu of an extended Hospital convalescence). You are not penalized if the alternate treatment program is not followed.
- The Case Manager arranges for alternate treatment services and supplies, as needed (for example, nursing services or a Hospital bed and other Durable Medical Equipment for the home).
- The Case Manager also acts as a liaison between the insurer, the patient, his or her family and Physician as needed (for example, by helping you to understand a complex medical diagnosis or treatment plan).
- Once the alternate treatment program is in place, the Case Manager continues to manage the case to ensure the treatment program remains appropriate to the patient's needs.

While participation in Case Management is strictly voluntary, Case Management professionals can offer quality, cost-effective treatment alternatives, as well as provide assistance in obtaining needed medical resources and ongoing family support in a time of need.

## Care Management and Care Coordination Services

Cigna may enter into specific collaborative arrangements with health care professionals committed to improving quality care, patient satisfaction and affordability. Through these collaborative arrangements, health care professionals commit to proactively providing participants with certain care management and care coordination services to facilitate

achievement of these goals. Reimbursement is provided at 100% for these services when rendered by designated health care professionals in these collaborative arrangements. You are not required to accept care management and care coordination services and such services are not covered if they are determined to be Experimental or Investigational.

## Important Notices

### Direct Access to Obstetricians and Gynecologists

You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit [www.mycigna.com](http://www.mycigna.com) or contact customer service at the phone number listed on the back of your ID card.

### Selection of a Primary Care Provider

This plan generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit [www.mycigna.com](http://www.mycigna.com) or contact customer service at the phone number listed on the back of your ID card.

For children, you may designate a pediatrician as the primary care provider.

## Important Information

### Rebates and Other Payments

Cigna or its affiliates may receive rebates or other remuneration from pharmaceutical manufacturers in connection with certain Medical Pharmaceuticals covered under your plan and Prescription Drug Products included on the Prescription Drug List. These rebates or remuneration are not obtained on you or your Employer's or plan's behalf or for your benefit. Cigna, its affiliates and the plan are not obligated

to pass these rebates on to you, or apply them to your plan's Deductible if any or take them into account in determining your Copayments and/or Coinsurance. Cigna and its affiliates or designees, conduct business with various pharmaceutical manufacturers separate and apart from this plan's Medical Pharmaceutical and Prescription Drug Product benefits. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this plan. Cigna and its affiliates are not required to pass on to you, and do not pass on to you, such amounts.

## Important Notice

Your health plan provides that you will not be held financially liable for payments to health care providers for any sums, other than required copayments, coinsurance or deductibles, owed for covered expenses, if Cigna fails to pay for the covered expenses for any reason.

If you or your dependent(s) are in need of emergency care, whether or not you use a participating provider in the network, your covered expenses will be reimbursed to you as if you or your dependent(s) had been treated by a preferred provider.

## Statement of Rights of Insured Persons

You have the right to be provided with information concerning Cigna's policies and procedures regarding products, services, providers, appeals procedures and other information about the organization and the care provided.

You have the right to obtain a current directory of preferred providers in the Cigna network upon request, including addresses and telephone numbers, and a listing of providers who accept covered persons who speak languages other than English.

## How To File Your Claim

There's no paperwork for In-Network care. Just show your identification card and pay your share of the cost, if any; your provider will submit a claim to Cigna for reimbursement. Out-of-Network claims can be submitted by the provider if the provider is able and willing to file on your behalf. If the provider is not submitting on your behalf, you must send your completed claim form and itemized bills to the claims address listed on the claim form.

You may get the required claim forms from the website listed on your identification card or by calling Member Services using the toll-free number on your identification card.

### CLAIM REMINDERS

- BE SURE TO USE YOUR MEMBER ID AND ACCOUNT/GROUP NUMBER WHEN YOU FILE CIGNA'S CLAIM FORMS, OR WHEN YOU CALL YOUR CIGNA CLAIM OFFICE.

YOUR MEMBER ID IS THE ID SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.

YOUR ACCOUNT/GROUP NUMBER IS SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.

- BE SURE TO FOLLOW THE INSTRUCTIONS LISTED ON THE BACK OF THE CLAIM FORM CAREFULLY WHEN SUBMITTING A CLAIM TO CIGNA.

### Timely Filing of Out-of-Network Claims

Cigna will consider claims for coverage under our plans when proof of loss (a claim) is submitted within one year (365 days) after services are rendered. If services are rendered on consecutive days, such as for a hospital confinement, the limit will be counted from the last date of service. If claims are not submitted within one year, the claim will not be considered valid and will be denied. However, if proof of loss is not given in the time period stated in the paragraph, the claim will not be invalidated nor reduced if it is shown that proof of loss was given as soon as reasonably possible.

**WARNING:** Any person who knowingly files a statement of claim containing any false or misleading information is subject to criminal and civil penalties. Any person who includes any false or misleading information on an application for an insurance policy is subject to criminal and civil penalties.

## Eligibility - Effective Date

### Employee Insurance

This plan is offered to you as an Employee.

#### Eligibility for Employee Insurance

You will become eligible for insurance on the day you complete the waiting period if:

- you are in a Class of Eligible Employees; and
- you are an eligible, full-time Employee; and
- you normally work at least 30 hours a week; and
- you pay any required contribution.

If you were previously insured and your insurance ceased, you must satisfy the New Employee Group Waiting Period to become insured again. If your insurance ceased because you were no longer employed in a Class of Eligible Employees, you are not required to satisfy any waiting period if you again become a member of a Class of Eligible Employees within one year after your insurance ceased.

**Initial Employee Group:** You are in the Initial Employee Group if you are employed in a class of employees on the date that class of employees becomes a Class of Eligible Employees as determined by your Employer.

New Employee Group: You are in the New Employee Group if you are not in the Initial Employee Group.

### **Eligibility for Dependent Insurance**

You will become eligible for Dependent insurance on the later of:

- the day you become eligible for yourself; or
- the day you acquire your first Dependent.

### **Waiting Period**

Initial Employee Group: None.

New Employee Group: The first day of the month following 60 days from date of hire.

### **Classes of Eligible Employees**

Each Employee as reported to the insurance company by your Employer.

### **Effective Date of Employee Insurance**

You will become insured on the date you elect the insurance by signing an approved payroll deduction or enrollment form, as applicable, but no earlier than the date you become eligible.

You will become insured on your first day of eligibility, following your election, if you are in Active Service on that date, or if you are not in Active Service on that date due to your health status.

### **Late Entrant - Employee**

You are a Late Entrant if:

- you elect the insurance more than 30 days after you become eligible; or
- you again elect it after you cancel your payroll deduction (if required).

### **Dependent Insurance**

For your Dependents to be insured, you will have to pay the required contribution, if any, toward the cost of Dependent Insurance.

### **Effective Date of Dependent Insurance**

Insurance for your Dependents will become effective on the date you elect it by signing an approved payroll deduction form (if required), but no earlier than the day you become eligible for Dependent Insurance. All of your Dependents as defined will be included.

If you are a Late Entrant for Dependent Insurance, the insurance for each of your Dependents will not become effective until Cigna agrees to insure that Dependent.

Your Dependents will be insured only if you are insured.

### **Late Entrant – Dependent**

You are a Late Entrant for Dependent Insurance if:

- you elect that insurance more than 30 days after you become eligible for it; or
- you again elect it after you cancel your payroll deduction (if required).

### **Exception for Newborns**

Any Dependent child born while you are insured will become insured on the date of his birth if you elect Dependent Insurance no later than 60 days after his birth. If you do not elect to insure your newborn child within such 60 days, coverage for that child will end on the 60th day. No benefits for expenses incurred beyond the 60th day will be payable.

## **Important Information About Your Medical Plan**

Details of your medical benefits are described on the following pages.

### **Opportunity to Select a Primary Care Physician**

#### Choice of Primary Care Physician:

This medical plan does not require that you select a Primary Care Physician or obtain a referral from a Primary Care Physician in order to receive all benefits available to you under this medical plan. Notwithstanding, a Primary Care Physician may serve an important role in meeting your health care needs by providing or arranging for medical care for you and your Dependents. For this reason, we encourage the use of Primary Care Physicians and provide you with the opportunity to select a Primary Care Physician from a list provided by Cigna for yourself and your Dependents. If you choose to select a Primary Care Physician, the Primary Care Physician you select for yourself may be different from the Primary Care Physician you select for each of your Dependents.

#### Changing Primary Care Physicians:

You may request a transfer from one Primary Care Physician to another by contacting us at the member services number on your ID card. Any such transfer will be effective on the first day of the month following the month in which the processing of the change request is completed.

---

In addition, if at any time a Primary Care Physician ceases to be a Participating Provider, you or your Dependent will be notified for the purpose of selecting a new Primary Care Physician, if you choose.

<b>Open Access Plus Medical Benefits</b> <b>The Schedule</b>
<b>For You and Your Dependents</b>
<p>Open Access Plus Medical Benefits provide coverage for care In-Network and Out-of-Network. To receive Open Access Plus Medical Benefits, you and your Dependents may be required to pay a portion of the Covered Expenses for services and supplies. That portion is the Copayment, Deductible or Coinsurance.</p> <p>If you are unable to locate an In-Network Provider in your area who can provide you with a service or supply that is covered under this plan, you must call the number on the back of your I.D. card to obtain authorization for Out-of-Network Provider coverage. If you obtain authorization for services provided by an Out-of-Network Provider, benefits for those services will be covered at the In-Network benefit level.</p>
<p><b>Coinsurance</b></p> <p>The term Coinsurance means the percentage of charges for Covered Expenses that an insured person is required to pay under the plan.</p> <p><b>Copayments/Deductibles</b></p> <p>Copayments are expenses to be paid by you or your Dependent for covered services. Deductibles are also expenses to be paid by you or your Dependent. Deductible amounts are separate from and not reduced by Copayments. Copayments and Deductibles are in addition to any Coinsurance. Once the Deductible maximum in The Schedule has been reached, you and your family need not satisfy any further medical deductible for the rest of that year.</p>
<p><b>Out-of-Pocket Expenses - For In-Network Charges Only</b></p> <p>Out-of-Pocket Expenses are Covered Expenses incurred for charges that are not paid by the benefit plan because of any Deductibles, Copayments or Coinsurance. Such Covered Expenses accumulate to the Out-of-Pocket Maximum shown in The Schedule. When the Out-of-Pocket Maximum is reached, all Covered Expenses, except charges for non-compliance penalties, are payable by the benefit plan at 100%.</p>
<p><b>Out-of-Pocket Expenses - For Out-of-Network Charges Only</b></p> <p>Out-of-Pocket Expenses are Covered Expenses incurred for Out-of-Network charges that are not paid by the benefit plan because of any:</p> <ul style="list-style-type: none"> <li>• Coinsurance, Copayments or Deductibles.</li> </ul> <p>Charges will not accumulate toward the Out-of-Pocket Maximum for Covered Expenses incurred for:</p> <ul style="list-style-type: none"> <li>• non-compliance penalties.</li> <li>• provider charges in excess of the Maximum Reimbursable Charge.</li> </ul> <p>When the Out-of-Pocket Maximum shown in The Schedule is reached, Injury and Sickness benefits are payable at 100% except for:</p> <ul style="list-style-type: none"> <li>• non-compliance penalties.</li> <li>• provider charges in excess of the Maximum Reimbursable Charge.</li> </ul>
<p><b>Accumulation of Plan Deductibles and Out-of-Pocket Maximums</b></p> <p>Deductibles and Out-of-Pocket Maximums do not cross-accumulate (that is, In-Network will accumulate to In-Network and Out-of-Network will accumulate to Out-of-Network). All other plan maximums and service-specific maximums (dollar and occurrence) cross-accumulate between In- and Out-of-Network unless otherwise noted.</p>

## Open Access Plus Medical Benefits

### The Schedule

#### Multiple Surgical Reduction

Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.

#### Assistant Surgeon and Co-Surgeon Charges

##### Assistant Surgeon

The maximum amount payable will be limited to charges made by an assistant surgeon that do not exceed a percentage of the surgeon's allowable charge as specified in Cigna Reimbursement Policies. (For purposes of this limitation, allowable charge means the amount payable to the surgeon prior to any reductions due to coinsurance or deductible amounts.)

##### Co-Surgeon

The maximum amount payable for charges made by co-surgeons will be limited to the amount specified in Cigna Reimbursement Policies.

#### Out-of-Network Emergency Services Charges

- Emergency Services are covered at the In-Network cost-sharing level if services are received from a non-participating (Out-of-Network) provider.
- The allowable amount used to determine the Plan's benefit payment for covered Emergency Services rendered in an Out-of-Network Hospital or other facility as required by New Jersey law, or by an Out-of-Network provider in an In-Network Hospital, is the amount agreed to by the Out-of-Network provider and Cigna, or if no amount is agreed to, the greater of the following: (i) the median amount negotiated with In-Network providers for the Emergency Service, excluding any In-Network copay or coinsurance; (ii) the Maximum Reimbursable Charge; or (iii) the amount payable under the Medicare program, not to exceed the provider's billed charges.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

## Open Access Plus Medical Benefits

### Certification Requirements - Out-of-Network

#### For You and Your Dependents

#### Pre-Admission Certification/Continued Stay Review for Hospital Confinement

**Benefits will be reduced for non-compliance with the requirements of this Pre-Admission Certification provision**

Pre-Admission Certification (PAC) and Continued Stay Review (CSR) refer to the process used to certify the Medical Necessity and length of a Hospital Confinement when you or your Dependent require treatment in a Hospital:

- as a registered bed patient, except for 48/96 hour maternity stays;
- for a Partial Hospitalization for the treatment of Mental Health or Substance Use Disorder;
- for Mental Health or Substance Use Disorder Residential Treatment Services.

You or your Dependent should request PAC prior to any non-emergency treatment in a Hospital described above. In the case of an emergency admission, you should contact the Review Organization by the end of the first scheduled work day after the admission or as soon as reasonably possible. For an admission due to pregnancy, you should call the Review Organization by the end of the third month of pregnancy. CSR should be requested, prior to the end of the certified length of stay, for continued Hospital Confinement. The results of that review will be communicated to you, the attending Physician and Cigna.

Covered Expenses incurred for the Inpatient Treatment or Partial Hospitalization of Substance Use Disorder will not be subject to prior authorization or other prospective, concurrent or retrospective utilization management requirements when determined Medically Necessary by your Physician, Psychologist or psychiatrist for the first 28 days per plan year. This 28 day period is exhausted after you are confined to a Hospital as an Inpatient for 28 days. If you require a period of Partial Hospitalization another 28 day period would commence if you already exhausted your 28 day Inpatient period. After the 28 day period has ended, Covered Expenses incurred for the Inpatient Treatment or Partial Hospitalization of Substance Use Disorder will be subject to concurrent review. After 180 days, Covered Expenses incurred for the Inpatient treatment or Partial Hospitalization of Substance Use Disorder will be subject to prospective, concurrent and retrospective reviews.

Covered Expenses incurred for the Outpatient Treatment of Substance Use Disorder will not be subject to prior

authorization or other prospective, concurrent or retrospective utilization management requires when determined Medically Necessary by your Physician, Psychologist or psychiatrist for the first 180 days per plan year. After 180 days, Covered Expenses incurred for the Outpatient Treatment of Substance Use Disorder will be subject to prospective, concurrent and retrospective reviews.

Covered Expenses incurred will be reduced by no more than 50% for Hospital charges made for each separate admission to the Hospital unless PAC is received: prior to the date of admission; or in the case of an emergency admission, by the end of the first scheduled work day after the date of admission. Notice provided after this deadline will be accepted and the penalty waived, provided notification was made as soon as reasonably possible.

Covered Expenses incurred for which benefits would otherwise be payable under this plan for the charges listed below will be reduced by no more than 50%:

- Hospital charges for Bed and Board, for treatment listed above for which PAC was performed, which are made for any day in excess of the number of days certified through PAC or CSR; and
- Any Hospital charges for treatment listed above for which PAC was requested, but which was not certified as Medically Necessary.

PAC and CSR are performed through a utilization review program by a Review Organization with which Cigna has contracted.

In any case, those expenses incurred for which payment is excluded by the terms set forth above will not be considered as expenses incurred for the purpose of any other part of this plan, except for the "Coordination of Benefits" section.

#### Outpatient Certification Requirements - Out-of-Network

Outpatient Certification refers to the process used to certify the Medical Necessity of outpatient diagnostic testing and outpatient procedures, including, but not limited to, those listed in this section when performed as an outpatient in a Free-standing Surgical Facility, Other Health Care Facility or a Physician's office. You or your Dependent should call the toll-free number on the back of your I.D. card to determine if Outpatient Certification is required prior to any outpatient diagnostic testing or procedures. The results of the review will be communicated to you, the attending Physician and Cigna within 5 days of the Review Organization having received the request for certification. Outpatient Certification is performed through a utilization review program by a Review Organization with which Cigna has contracted. Outpatient Certification should only be requested for nonemergency procedures or services, and should be requested by you or your Dependent at least four working days (Monday through

Friday) prior to having the procedure performed or the service rendered.

Covered Expenses incurred will be reduced by no more than 50% for charges made for any outpatient diagnostic testing or procedure performed unless Outpatient Certification is requested prior to the date the testing or procedure is performed.

Covered Expenses incurred will be reduced by 50% for charges made for outpatient diagnostic testing or procedures for which Outpatient Certification was performed, but, which was not certified as Medically Necessary.

In any case, those expenses incurred for which payment is excluded by the terms set forth above will not be considered as expenses incurred for the purpose of any other part of this plan, except for the "Coordination of Benefits" section.

#### **Diagnostic Testing, Outpatient Procedures and Services and Supplies**

Including, but not limited to:

- Advanced radiological imaging – CT Scans, MRI, MRA or PET scans.
- Home health care services.

HC-PAC60

#### **Prior Authorization/Pre-Authorized**

The term Prior Authorization means the approval that a Participating Provider must receive from the Review Organization, prior to services being rendered, in order for certain services and benefits to be covered under this policy. Benefits will not be reduced more than 50% for failure of a Participating Provider to receive approval.

Services that require Prior Authorization include, but are not limited to:

- inpatient Hospital services, except for 48/96 hour maternity stays.
- inpatient services at any participating Other Health Care Facility.

- residential treatment.
- outpatient facility services.
- partial hospitalization.
- intensive outpatient programs.
- advanced radiological imaging.
- transplant services.

HC-PRA26

#### **Covered Expenses**

The term Covered Expenses means the expenses incurred by or on behalf of a person for the charges listed below if they are incurred after he becomes insured for these benefits. Expenses incurred for such charges are considered Covered Expenses to the extent that the services or supplies provided are recommended by a Physician, and are Medically Necessary for the care and treatment of an Injury or a Sickness, as determined by Cigna. Such determination may be reversed by a court of law, arbitrator or administrative agency having jurisdiction. **Any applicable Copayments, Deductibles or limits are shown in The Schedule.**

#### **Covered Expenses**

- charges made by a Hospital, on its own behalf, for Bed and Board and other Necessary Services and Supplies; except that for any day of Hospital Confinement, Covered Expenses will not include that portion of charges for Bed and Board which is more than the Bed and Board Limit shown in The Schedule.
- charges for licensed ambulance service to or from the nearest Hospital where the needed medical care and treatment can be provided.
- charges made by a Hospital, on its own behalf, for medical care and treatment received as an outpatient.
- charges made by a Free-Standing Surgical Facility, on its own behalf for medical care and treatment.
- charges made on its own behalf, by an Other Health Care Facility, including a Skilled Nursing Facility, a Rehabilitation Hospital or a subacute facility for medical care and treatment; except that for any day of Other Health Care Facility confinement, Covered Expenses will not include that portion of charges which are in excess of the Other Health Care Facility Daily Limit shown in The Schedule.
- charges made for Emergency Services and Urgent Care, including benefits for the coverage of trauma services at any designated Level I or II trauma center, as Medically

Necessary, which shall be continued at least until, in the judgement of the attending Physician, the covered person is medically stable, no longer requires critical care, and can be transferred safely to another facility.

- charges made by a Physician or a Psychologist for professional services.
  - charges made by a Nurse, other than a member of your family or your Dependent's family, for professional nursing service.
  - charges made for anesthetics and their administration; diagnostic x-ray and laboratory examinations; x-ray, radium, and radioactive isotope treatment; chemotherapy; blood transfusions; oxygen and other gases and their administration. Coverage includes expenses incurred in connection with the purchase of blood products and blood infusion equipment required for home treatment of routine bleeding episodes, associated with hemophilia, when the home treatment program is under the supervision of a New Jersey State-approved hemophilia treatment center.
  - includes charges for the delivery of medical and health-related consultations via secure telecommunications technologies, including telephones and internet, when delivered by a contracted medical telehealth provider.
  - charges made for a baseline mammogram for women between the ages of 35 and 40; an annual mammogram for women age 40 and over; and mammograms at any time if ordered by a woman's health care provider for women with a family history of breast cancer or other breast cancer risk factors.
  - charges made for an annual Papanicolaou laboratory screening test. Pap smear coverage includes an initial Pap smear and any confirmatory tests, when Medically Necessary, as ordered by the attending Physician, including all associated laboratory tests.
  - charges made for an annual prostate-specific antigen test (PSA), including a digital rectal examination, for men age 50 and over who are asymptomatic and for men age 40 and over with a family history of prostate cancer, or other prostate cancer risk factors.
  - charges made for laboratory services, radiation therapy and other diagnostic and therapeutic radiological procedures.
  - charges made for Family Planning, including medical history, physical exam, related laboratory tests, medical supervision in accordance with generally accepted medical practices, other medical services, information and counseling on contraception, implanted/injected contraceptives, after appropriate counseling, medical services connected with surgical therapies (tubal ligations, vasectomies).
  - charges made for the following preventive care services (detailed information is available at [www.healthcare.gov](http://www.healthcare.gov)):
    - (1) evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force;
    - (2) immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention with respect to the covered person involved;
    - (3) for infants, children, and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration;
    - (4) for women, such additional preventive care and screenings not described in paragraph (1) as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.
- Covered Expenses will include expenses incurred for charges made for Preventive Care consisting of the following services delivered or supervised by a Physician, in keeping with prevailing medical standards:
- charges made for Preventive Care consisting of the following health and wellness tests and services for all persons:
    - 20 years of age and older, annual tests to determine blood hemoglobin, blood pressure, blood glucose level, and blood cholesterol level or, instead, low-density lipoprotein (LDL) level and blood high-density lipoprotein (HDL) level;
    - 35 years of age or older, a glaucoma eye test every five years;
    - 40 years of age or older, an annual stool examination for presence of blood; for all persons 45 years of age or older, a left-sided colon examination of 35 to 60 centimeters every five years;
    - 20 years of age and older, an annual consultation with a health care provider to discuss lifestyle behaviors that promote health and well-being including, but not limited to, smoking control, nutrition and diet recommendations, exercise plans, lower back protection, weight control, immunization practices, breast self-examination, testicular self-exam and seat belt usage in motor vehicles.
  - charges made for the following health wellness tests and services for all women:
    - 20 years of age and older; a Pap smear as recommended by a Physician;
    - 40 years and older, a mammogram annually; for all adults, recommended immunizations.

- such coverage is excluding any charges for:
  - services for which benefits are otherwise provided under this Medical Benefits section;
  - services for which benefits are not payable according to the Expenses Not Covered section.

Other wellness tests and time schedules will be covered upon the recommendation of a Physician. Any In-Network deductible will be waived for these preventive care services.

Additionally, Covered Expenses include charges for childhood immunizations as recommended by the Advisory Committee on Immunization practices of the U.S. Public Health Service, the Department of Health and the New Jersey Department of Health and Senior Services for a Dependent child during that child's lifetime.

- charges for the following expenses incurred in conducting colorectal cancer screening at regular intervals for covered persons age 50 and over and for covered persons at any age who are considered to be at high risk for colorectal cancer: a screening fecal occult blood test; flexible sigmoidoscopy; colonoscopy; barium enema; or any combination thereof; or the most reliable medically recognized screening test available. The method and frequency of screening to be used will be in accordance with the most recent published guidelines of the American Cancer Society and as determined Medically Necessary by the covered person's Physician, in consultation with the covered person.
- charges made for Medically Necessary expenses incurred in the purchase of a hearing aid for a covered person 15 years of age or younger. Coverage includes the purchase of a hearing aid for each ear, when Medically Necessary and as prescribed or recommended by a licensed Physician or audiologist. Benefits are limited to \$1,000 per hearing aid for each hearing-impaired ear every 24 months.
- charges for maternity benefits to include 48 hours of inpatient care following a vaginal delivery and 96 hours of inpatient care following a cesarean section for a mother and her newborn child in a licensed health care facility.
- charges for a minimum of 72 hours of inpatient care following a radical mastectomy and a minimum of 48 hours of inpatient care following a simple mastectomy. Hospital stays in excess of the 72/48 hours will be based on medical necessity. A shorter stay will be acceptable if the Physician consults with the patient to determine that a shorter stay is medically appropriate.
- charges made by a Hospital or Ambulatory Surgical Facility for general anesthesia and facility charges for dental treatment for a covered person who: is severely disabled; is a Dependent age 5 or under; or has a covered medical condition which requires hospitalization or general anesthesia for dental services provided by a dentist, regardless of where the services are provided.
- charges made for treatment of Wilm's tumor, including charges for autologous bone marrow transplants if chemotherapy treatment is not effective.
- charges for refills of prescription eye drops, including any renewal or refill of prescription eye drops when requested, if the request is consistent with the Guidance for Early Refills of Topical Ophthalmic Products provided to Medicare Part D plan sponsors by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services.

Coverage for additional quantities will be provided, if:

- the prescribing health care practitioner indicates on the original prescription that additional quantities of the prescription eye drops are needed; and
- the refill requested by the covered person does not exceed the number of additional quantities indicated on the original prescription.
- charges for screening by blood lead measurement for lead poisoning for children, including: confirmatory blood lead testing, medical evaluation, and any necessary medical follow-up and treatment for lead poisoning for children.
- charges for therapeutic treatment of inherited metabolic diseases, when diagnosed by a Physician and deemed to be Medically Necessary. Treatment includes the purchase of medical foods and low protein modified food products. Inherited metabolic diseases means a disease caused by an inherited abnormality of body chemistry. A low protein modified food product is one that is specially formulated to have less than one gram of protein per serving. It is intended to be used under the direction of a Physician for the dietary treatment of an inherited metabolic disease, but does not include a (natural) food that is naturally low in protein. Medical food means one that is intended for the dietary treatment of a disease or condition for which nutritional requirements are established by medical evaluation and is formulated to be consumed or administered enterally under the direction of a Physician.
- charges for expenses incurred in the purchase of specialized non-standard infant formulas, when the covered infant's Physician has diagnosed the infant as having multiple food protein intolerance and has determined such formula to be Medically Necessary, and when the covered infant has not been responsive to trials of standard non-cow milk-based formulas, including soybean and goat milk.
- charges for screening for newborn hearing loss by electrophysiologic screening measures and periodic monitoring.
- charges for or in connection with a drug that has been prescribed for a treatment for which it has not been approved by the Food and Drug Administration (FDA).

Such drug must be covered, provided: it is recognized as medically appropriate for that specific treatment in one of the following reference compendia: the American Medical Association Drug Evaluations; the American Hospital Formulary Service Drug Information; the United States Pharmacopeia Drug Information; or it is recommended by a clinical study or review article in a major peer-reviewed professional journal; and the drug has not been contraindicated by the FDA for the use prescribed.

- charges for prescribed, orally administered anticancer medications used to kill or slow the growth of cancerous cells. With respect to the application of any prior authorization requirement, dollar limit, Copayment, Deductible or Coinsurance provision, prescribed, orally administered anticancer medications are payable on the same basis as other intravenously administered or injected anticancer medications covered under the plan.
- charges for treatment of sickle cell anemia, payable on the same basis as any other Covered Expense.
- charges for blood glucose monitors (including monitors for the blind), insulin pumps, infusion devices and related accessories. Charges for these items are not subject to the Durable Medical Equipment Maximum shown in The Schedule.
- charges for the diagnosis and treatment of autism and other developmental disabilities.

For a primary diagnosis of autism or another developmental disability, Cigna provides coverage for the following Medically Necessary therapies as prescribed through a treatment plan:

- occupational therapy where occupational therapy refers to treatment to develop a covered person's ability to perform the ordinary tasks of daily living;
- physical therapy where physical therapy refers to treatment to develop a covered person's physical function; and
- speech therapy where speech therapy refers to treatment of a speech impairment.

If a covered person's primary diagnosis is autism, and the covered person is under 21 years of age, in addition to coverage for the therapy services as described above, Cigna also covers Medically Necessary behavioral interventions based on the principles of applied behavioral analysis and related structured behavioral programs as prescribed through a treatment plan. Except as stated below, such coverage of Medically Necessary behavioral interventions based on the principles of applied behavioral analysis and related structured behavioral programs is subject to a \$36,000 maximum benefit per calendar year for each year through 2011. (Thereafter the maximum benefit shall be adjusted by New Jersey regulation.)

**NOTE: ANY SUCH BEHAVIORAL INTERVENTION BENEFITS A COVERED PERSON RECEIVES AS AN OUT-OF-NETWORK COVERED CHARGE WILL REDUCE THE SERVICES AVAILABLE AS IN-NETWORK BEHAVIORAL INTERVENTION SERVICES.**

**Exception:** If the Employer providing coverage under the contract is subject to the Federal law governing parity in Mental Health and Substance Use Disorder benefits the maximum benefit does not apply.

The treatment plan(s) referred to above must be in writing, signed by the treating Physician, and must include: a diagnosis, proposed treatment by type, frequency and duration; the anticipated outcomes stated as goals; and the frequency by which the treatment plan will be updated. Cigna may request additional information if necessary to determine the coverage under this plan. Cigna may require the submission of an updated treatment plan once every six months unless Cigna and the treating Physician agree to more frequent updates.

#### **Clinical Trials**

This benefit plan covers routine patient care costs related to a qualified clinical trial for an individual who meets the following requirements:

- (a) is eligible to participate in an approved clinical trial according to the trial protocol with respect to treatment of cancer or other life-threatening disease or condition; and
- (b) either:
  - the referring health care professional is a participating health care provider and has concluded that the individual's participation in such trial would be appropriate based upon the individual meeting the conditions described in paragraph (a); or
  - the individual provides medical and scientific information establishing that the individual's participation in such trial would be appropriate based upon the individual meeting the conditions described in paragraph (a).

For purposes of clinical trials, the term "life-threatening disease or condition" means any disease or condition from which the likelihood of death is probable unless the course of the disease or condition is interrupted.

The clinical trial must meet the following requirements:

The study or investigation must:

- be approved or funded by any of the agencies or entities authorized by federal law to conduct clinical trials;
- be conducted under an investigational new drug application reviewed by the Food and Drug Administration; or

- involve a drug trial that is exempt from having such an investigational new drug application.

Routine patient care costs are costs associated with the provision of health care items and services including drugs, items, devices and services otherwise covered by this benefit plan for an individual who is not enrolled in a clinical trial and, in addition:

- services required solely for the provision of the investigational drug, item, device or service;
- services required for the clinically appropriate monitoring of the investigational drug, device, item or service;
- services provided for the prevention of complications arising from the provision of the investigational drug, device, item or service; and
- reasonable and necessary care arising from the provision of the investigational drug, device, item or service, including the diagnosis or treatment of complications.

Routine patient care costs do not include:

- the investigational drug, item, device, or service, itself; or
- items and services that are provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient.

If your plan includes In-Network providers, clinical trials conducted by non-participating providers will be covered at the In-Network benefit level if:

- there are not In-Network providers participating in the clinical trial that are willing to accept the individual as a patient; or
- the clinical trial is conducted outside the individual's state of residence.

### **Genetic Testing**

Charges made for genetic testing that uses a proven testing method for the identification of genetically-linked inheritable disease. Genetic testing is covered only if:

- a person has symptoms or signs of a genetically-linked inheritable disease;
- it has been determined that a person is at risk for carrier status as supported by existing peer-reviewed, evidence-based, scientific literature for the development of a genetically-linked inheritable disease when the results will impact clinical outcome; or
- the therapeutic purpose is to identify specific genetic mutation that has been demonstrated in the existing peer-reviewed, evidence-based, scientific literature to directly impact treatment options.

Pre-implantation genetic testing, genetic diagnosis prior to embryo transfer, is covered when either parent has an

inherited disease or is a documented carrier of a genetically-linked inheritable disease.

Genetic counseling is covered if a person is undergoing approved genetic testing, or if a person has an inherited disease and is a potential candidate for genetic testing.

### **Nutritional Evaluation**

Charges made for nutritional evaluation and counseling when diet is a part of the medical management of a documented organic disease.

### **Internal Prosthetic/Medical Appliances**

Charges made for internal prosthetic/medical appliances that provide permanent or temporary internal functional supports for non-functional body parts are covered. Medically Necessary repair, maintenance or replacement of a covered appliance is also covered.

### **Diabetic Services**

Charges made for diabetic services, provided an official diagnosis of diabetes has been made by a Physician. Diabetic services include:

- coverage for an annual screening via dilated eye examinations by a Physician for person with diabetes;
- glycohemoglobin A1c blood testing determination whenever needed to assess and achieve near-normal glycemia; and
- microalbumin/urinalysis screening annually.

Additional diabetic services include:

- coverage for Medically Necessary fitting of therapeutic molded or depth-inlay shoes, replacement inserts, preventive devices and shoe modifications;
- calluses and nail trimming;
- complex evaluation of sensory loss; and
- treatment of ulcerations with total contact casting.

Diabetic services will also include inpatient and outpatient self-management training services provided by a Physician, by a certified diabetes educator, or by a registered pharmacist qualified to provide management education for diabetes:

- according to standards established under New Jersey Department of Health and Senior Services regulations upon diagnosis of diabetes; or
- when a Physician certifies that a change in self-management is needed due to a change in symptoms or conditions, or that new medication, therapy or retraining is Medically Necessary.

Covered training will also include nutrition therapy by a licensed, certified dietician or nutritionist and must be supervised and certified as completed successfully by a Physician.

### Second Surgical Opinion Benefits

Covered Expenses will include expenses incurred for charges made for a second surgical opinion if, as a result of an Injury or a Sickness, you or any one of your Dependents, while insured for these benefits and prior to the performance of an Elective Surgical Procedure recommended by a surgeon, asks for an opinion from another Physician who is qualified to diagnose and treat that Injury or Sickness. Covered Expenses will also include any diagnostic laboratory or x-ray examinations asked for by the Physician who gives that opinion.

Payment will be made whether or not the Surgical Procedure is performed.

### Third Surgical Opinion Benefits

If your second surgical opinion does not confirm that an Elective Surgical Procedure is medically advisable, a third surgical opinion will also be covered.

### Limitations

No payment will be made for expenses incurred in connection with:

- cosmetic or dental Surgical Procedures not covered under the policy;
- minor Surgical Procedures that are routinely performed in a Physician's office, such as incision and drainage for abscess or excision of benign lesions;
- an opinion rendered by the Physician who performs the Surgical Procedure;
- other limitations shown in the General Limitations section.

No payment will be made under any other section to the extent that benefits are payable for incurred expenses under this section.

### Elective Surgical Procedure

The term Elective Surgical Procedure means a Surgical Procedure which is not considered emergency in nature and which may be avoided without undue risk to the individual.

### Obesity Treatment

- charges made for medical and surgical services for the treatment or control of clinically severe (morbid) obesity as defined below and if the services are demonstrated, through existing peer reviewed, evidence based, scientific literature and scientifically based guidelines, to be safe and effective for the treatment or control of the condition. Clinically severe (morbid) obesity is defined by the National Heart, Lung and Blood Institute (NHLBI) as a Body Mass Index (BMI) of 40 or greater without comorbidities, or a BMI of

35-39 with comorbidities. The following items are specifically excluded:

- medical and surgical services to alter appearances or physical changes that are the result of any medical or surgical services performed for the treatment or control of obesity or clinically severe (morbid) obesity; and
- weight loss programs or treatments, whether or not they are prescribed or recommended by a Physician or under medical supervision.

### Orthognathic Surgery

- orthognathic surgery to repair or correct a severe facial deformity or disfigurement that orthodontics alone can not correct, provided:
  - the deformity or disfigurement is accompanied by a documented clinically significant functional impairment, and there is a reasonable expectation that the procedure will result in meaningful functional improvement; or
  - the orthognathic surgery is Medically Necessary as a result of tumor, trauma, disease; or
  - the orthognathic surgery is performed prior to age 19 and is required as a result of severe congenital facial deformity or congenital condition.

Repeat or subsequent orthognathic surgeries for the same condition are covered only when the previous orthognathic surgery met the above requirements, and there is a high probability of significant additional improvement as determined by the utilization review Physician.

### Home Health Services

- charges made for Home Health Services under the terms of a Home Health Care Plan established within 14 days after the date Home Health Care begins.

Home Health Services are provided only if Cigna has determined that the home is a medically appropriate setting. If you are a minor or an adult who is dependent upon others for nonskilled care and/or custodial services (e.g., bathing, eating, toileting), Home Health Services will be provided for you only during times when there is a family member or care giver present in the home to meet your nonskilled care and/or custodial services needs.

Home Health Services include:

- part-time or intermittent services, and full-time or 24-hour services that are needed on a short-term basis, including nursing care by or under the supervision of an Other Health Care Professional;
- physical, occupational or speech therapy;
- medical social work;
- nutrition services;
- medical supplies, appliances and equipment; drugs and medicines lawfully dispensed only on the written prescription of a Physician; laboratory services; special meals, home infusion therapy and any diagnostic and therapeutic service, including surgical services, performed in a Hospital outpatient department, a doctor's office or any other licensed health facility; but only to the extent that such charges would have been considered Covered Expenses had a person required confinement in the Hospital as a registered bed patient or confinement in a Skilled Nursing Facility.

Necessary consumable medical supplies and home infusion therapy administered or used by Other Health Care Professionals in providing Home Health Services are covered. Home Health Services do not include services by a person who is a member of your family or your Dependent's family or who normally resides in your house or your Dependent's house even if that person is an Other Health Care Professional.

Skilled nursing services or private duty nursing services provided in the home are subject to the Home Health Services benefit terms, conditions and benefit limitations. Physical, occupational, and other Short-Term Rehabilitative Therapy services provided in the home are subject to the Home Health Services benefit limitations in the Schedule.

- for pain relief treatment, including drugs, medicines and medical supplies;
- by an Other Health Care Facility for:
  - part-time or intermittent nursing care by or under the supervision of a Nurse;
  - part-time or intermittent services of an Other Health Care Professional;
- physical, occupational and speech therapy;
- medical supplies; drugs and medicines lawfully dispensed only on the written prescription of a Physician; and laboratory services; but only to the extent such charges would have been payable under the policy if the person were Confined in a Hospital or Hospice Facility.

The following charges for Hospice Care Services are not included as Covered Expenses:

- for the services of a person who is a member of your family or your Dependent's family or who normally resides in your house or your Dependent's house;
- for any period when you or your Dependent is not under the care of a Physician;
- for services or supplies not listed in the Hospice Care Program;
- for any curative or life-prolonging procedures;
- to the extent that any other benefits are payable for those expenses under the policy;
- for services or supplies that are primarily to aid you or your Dependent in daily living.

## **Mental Health and Substance Use Disorder Services**

**Mental Health Services** are services that are required to treat any mental disorder other than Biologically-Based Mental Illness, or other than a disease induced by Substance Use Disorder, that impairs the behavior, emotional reaction or thought processes of a person, regardless of medical origin. Services for Biologically-Based Mental Illness are specifically excluded hereunder because these services are provided "as any other illness" as part of Medical Benefits coverage. In determining benefits payable, charges made for the treatment of any physiological conditions related to Mental Health will not be considered to be charges made for treatment of Mental Health.

**Substance Use Disorder** is defined as the psychological or physical dependence on alcohol or other mind-altering drugs that requires diagnosis, care, and treatment. In determining benefits payable, charges made for the treatment of any

## **Hospice Care Services**

- charges made for a person who has been diagnosed as having six months or fewer to live, due to Terminal Illness, for the following Hospice Care Services provided under a Hospice Care Program:
  - by a Hospice Facility for Bed and Board and Services and Supplies;
  - by a Hospice Facility for services provided on an outpatient basis;
  - by a Physician for professional services;
  - by a Psychologist, social worker, family counselor or ordained minister for individual and family counseling;

physiological conditions related to rehabilitation services for alcohol or drug abuse or addiction will not be considered to be charges made for treatment of Substance Use Disorder.

### **Inpatient Mental Health Services**

Services that are provided by a Hospital while you or your Dependent is Confined in a Hospital for the treatment and evaluation of Mental Health. Inpatient Mental Health Services include Partial Hospitalization and Mental Health Residential Treatment Services.

Mental Health Residential Treatment Services are services provided by a Hospital for the evaluation and treatment of the psychological and social functional disturbances that are a result of subacute Mental Health conditions.

Mental Health Residential Treatment Center means an institution which specializes in the treatment of psychological and social disturbances that are the result of Mental Health conditions; provides a subacute, structured, psychotherapeutic treatment program, under the supervision of Physicians; provides 24-hour care, in which a person lives in an open setting; and is licensed in accordance with the laws of the appropriate legally authorized agency as a residential treatment center.

A person is considered confined in a Mental Health Residential Treatment Center when she/he is a registered bed patient in a Mental Health Residential Treatment Center upon the recommendation of a Physician.

### **Outpatient Mental Health Services**

Services of Providers who are qualified to treat Mental Health when treatment is provided on an outpatient basis, while you or your Dependent is not Confined in a Hospital, and is provided in an individual, group or Mental Health Partial Hospitalization or Intensive Outpatient Therapy Program. Covered services include, but are not limited to, outpatient treatment of conditions such as: anxiety or depression which interfere with daily functioning; emotional adjustment or concerns related to chronic conditions, such as psychosis or depression; emotional reactions associated with marital problems or divorce; child/adolescent problems of conduct or poor impulse control; affective disorders; suicidal or homicidal threats or acts; eating disorders; or acute exacerbation of chronic Mental Health conditions (crisis intervention and relapse prevention) and outpatient testing and assessment.

Mental Health Partial Hospitalization Services are rendered not less than 4 hours and not more than 12 hours in any 24-hour period by a certified/licensed Mental Health Program in accordance with the laws of the appropriate legally authorized agency.

A Mental Health Intensive Outpatient Therapy Program consists of distinct levels or phases of treatment that are provided by a certified/licensed Mental Health program in

accordance with the laws of the appropriate legally authorized agency. Intensive Outpatient Therapy Programs provide a combination of individual, family and/or group therapy in a day, totaling nine or more hours in a week.

### **Inpatient Substance Use Disorder Rehabilitation Services**

Services provided for rehabilitation, while you or your Dependent is Confined in a Hospital, when required for the diagnosis and treatment of abuse or addiction to alcohol and/or drugs. Inpatient Substance Use Disorder Services include Residential Treatment services.

Services for the treatment of alcoholism and Substance Use Disorder will be rendered under the “same terms and conditions” as any other illness under your plan when such treatment is prescribed by a Physician.

### **Substance Use Disorder Residential Treatment Services**

are services provided by a Hospital for the evaluation and treatment of the psychological and social functional disturbances that are a result of subacute Substance Use Disorder conditions.

### **Substance Use Disorder Residential Treatment Center**

means an institution which specializes in the treatment of psychological and social disturbances that are the result of Substance Use Disorder; provides a subacute, structured, psychotherapeutic treatment program, under the supervision of Physicians; provides 24-hour care, in which a person lives in an open setting; and is licensed in accordance with the laws of the appropriate legally authorized agency as a residential treatment center.

A person is considered confined in a Substance Use Disorder Residential Treatment Center when she/he is a registered bed patient in a Substance Use Disorder Residential Treatment Center upon the recommendation of a Physician.

### **Outpatient Substance Use Disorder Rehabilitation Services**

Services provided for the diagnosis and treatment of abuse or addiction to alcohol and/or drugs, while you or your Dependent is not Confined in a Hospital, including outpatient rehabilitation in an individual, or a Substance Use Disorder Partial Hospitalization or Intensive Outpatient Therapy Program.

Substance Use Disorder Partial Hospitalization services are rendered not less than 4 hours and not more than 12 hours in any 24-hour period by a certified/licensed Substance Use Disorder program in accordance with the laws of the appropriate legally authorized agency.

A Substance Use Disorder Intensive Outpatient Therapy Program consists of distinct levels or phases of treatment that are provided by a certified/licensed Substance Use Disorder program. Intensive Outpatient Therapy Programs provide a combination of individual, family and/or group therapy in a day, totaling nine, or more hours in a week.

### Substance Use Disorder Detoxification Services

Detoxification and related medical ancillary services are provided when required for the diagnosis and treatment of addiction to alcohol will be provided under the “same terms and conditions” as any other illness under the plan.

Detoxification and related medical ancillary services are provided when required for the diagnosis and treatment of addiction to drugs. Cigna will decide, based on the Medical Necessity of each situation, whether such services will be provided in an inpatient or outpatient setting.

### Exclusions

The following are specifically excluded from Mental Health and Substance Use Disorder Services:

- any Mental Health services in connection with Biologically-Based Mental Illness.
- geriatric day care, occupational and recreational therapy for age-related cognitive decline.
- special education, including but not limited to school tuition.
- counseling for educational reasons, IQ testing or other testing (including psychological testing on children requested by or for a school system).
- counseling for occupational problems.
- counseling related to consciousness raising.
- vocational or religious counseling.
- cognitive rehabilitation.
- work-hardening programs.
- wilderness programs.

### Mental Health Services for Biologically-Based Mental Illness

If you or any one of your Dependents, while insured for these benefits, incurs expenses for charges made for Medically Necessary Mental Health Services for Biologically-Based Mental Illness, Cigna will pay that portion of the expense remaining after you or your Dependent has paid any required Deductible or Coinsurance shown in the Schedule.

These benefits for Biologically-Based Mental Illness will be provided under the same terms and conditions as provided “for any other sickness” under the policy.

**Same Terms and Conditions** means that Cigna will not apply different copayments, deductibles or benefit limits to biologically-based mental health benefits than those applied to other medical or surgical benefits.

The term **Biologically-Based Mental Illness** means a mental or nervous condition that is caused by a biological disorder of the brain which results in a clinically significant or psychological syndrome or pattern that substantially limits the

functioning of the person with the illness, including but not limited to:

- schizophrenia;
- schizoaffective disorder;
- major depressive disorder;
- bipolar disorder;
- paranoia and other psychotic disorders;
- obsessive-compulsive disorder;
- panic disorder;
- pervasive developmental disorder; or
- autism.

### Durable Medical Equipment

- charges made for purchase or rental of Durable Medical Equipment for use outside a Hospital or Other Health Care Facility. Coverage for repair, replacement or duplicate equipment is provided only when required due to anatomical change and/or reasonable wear and tear. All maintenance and repairs that result from a person’s misuse are the person’s responsibility. Coverage for Durable Medical Equipment is limited to the lowest-cost alternative as determined by the utilization review Physician.

Durable Medical Equipment is defined as items which are designed for and able to withstand repeated use by more than one person; customarily serve a medical purpose; generally are not useful in the absence of Injury or Sickness; are appropriate for use in the home; and are not disposable. Such equipment includes, but is not limited to, crutches, hospital beds, respirators, wheel chairs, and dialysis machines.

Durable Medical Equipment items that are not covered include but are not limited to those that are listed below:

- **Bed Related Items:** bed trays, over the bed tables, bed wedges, pillows, custom bedroom equipment, mattresses, including nonpower mattresses, custom mattresses and posturepedic mattresses.
- **Bath Related Items:** bath lifts, nonportable whirlpools, bathtub rails, toilet rails, raised toilet seats, bath benches, bath stools, hand held showers, paraffin baths, bath mats, and spas.
- **Chairs, Lifts and Standing Devices:** computerized or gyroscopic mobility systems, roll about chairs, geriatric chairs, hip chairs, seat lifts (mechanical or motorized), patient lifts (mechanical or motorized – manual hydraulic lifts are covered if patient is two-person transfer), and auto tilt chairs.

- **Fixtures to Real Property:** ceiling lifts and wheelchair ramps.
- **Car/Van Modifications.**
- **Air Quality Items:** room humidifiers, vaporizers, air purifiers and electrostatic machines.
- **Blood/Injection Related Items:** blood pressure cuffs, centrifuges, nova pens and needleless injectors.
- **Other Equipment:** heat lamps, heating pads, cryounits, cryotherapy machines, electronic-controlled therapy units, ultraviolet cabinets, sheepskin pads and boots, postural drainage board, AC/DC adaptors, enuresis alarms, magnetic equipment, scales (baby and adult), stair gliders, elevators, saunas, any exercise equipment and diathermy machines.

### External Prosthetic Appliances and Devices

- charges made for: the initial purchase and fitting of external prosthetic appliances and devices available only by prescription from a licensed orthotist, prosthetist, or certified pedorthist, which are determined medically necessary by the covered person's Physician for the alleviation or correction of Injury, Sickness or congenital defect.

External prosthetic appliances and devices shall include prostheses/prosthetic appliances and devices, orthoses and orthotic devices; braces; and splints.

### Prostheses/Prosthetic Appliances and Devices

Prostheses/prosthetic appliances and devices are defined as fabricated replacements for missing body parts. Prostheses/prosthetic appliances and devices include, but are not limited to:

- basic limb prostheses;
- terminal devices such as hands or hooks; and
- speech prostheses.

### Orthoses and Orthotic Devices

Orthoses and orthotic devices are defined as orthopedic appliances or apparatuses used to support, align, prevent or correct deformities. Coverage is provided for custom foot orthoses and other orthoses as follows:

- Nonfoot orthoses – only the following nonfoot orthoses are covered:
  - rigid and semirigid custom fabricated orthoses;
  - semirigid prefabricated and flexible orthoses; and
  - rigid prefabricated orthoses including preparation, fitting and basic additions, such as bars and joints.

- Custom foot orthoses – custom foot orthoses are only covered as follows:
  - for persons with impaired peripheral sensation and/or altered peripheral circulation (e.g. diabetic neuropathy and peripheral vascular disease);
  - when the foot orthosis is an integral part of a leg brace and is necessary for the proper functioning of the brace;
  - when the foot orthosis is for use as a replacement or substitute for missing parts of the foot (e.g. amputated toes) and is necessary for the alleviation or correction of Injury, Sickness or congenital defect; and
  - for persons with neurologic or neuromuscular condition (e.g. cerebral palsy, hemiplegia, spina bifida) producing spasticity, malalignment, or pathological positioning of the foot and there is reasonable expectation of improvement.

The following are specifically excluded orthoses and orthotic devices:

- prefabricated foot orthoses;
- cranial banding and/or cranial orthoses. Other similar devices are excluded except when used postoperatively for synostotic plagiocephaly. When used for this indication, the cranial orthosis will be subject to the limitations and maximums of the External Prosthetic Appliances and Devices benefit;
- orthosis shoes, shoe additions, procedures for foot orthopedic shoes, shoe modifications and transfers;
- orthoses primarily used for cosmetic rather than functional reasons; and
- orthoses primarily for improved athletic performance or sports participation.

### Braces

A Brace is defined as an orthosis or orthopedic appliance that supports or holds in correct position any movable part of the body and that allows for motion of that part.

The following braces are specifically excluded: Copes scoliosis braces.

### Splints

A Splint is defined as an appliance for preventing movement of a joint or for the fixation of displaced or movable parts.

Coverage for replacement of external prosthetic appliances and devices is limited to the following:

- replacement due to regular wear. Replacement for damage due to abuse or misuse by the person will not be covered.
- replacement will be provided when anatomic change has rendered the external prosthetic appliance or device ineffective. Anatomic change includes significant weight gain or loss, atrophy and/or growth.

- Coverage for replacement is limited as follows:
  - no more than once every 24 months for persons 19 years of age and older;
  - no more than once every 12 months for persons 18 years of age and under; and
  - replacement due to a surgical alteration or revision of the site.

The following are specifically excluded external prosthetic appliances and devices:

- external and internal power enhancements or power controls for prosthetic limbs and terminal devices; and
- myoelectric prostheses peripheral nerve stimulators.

### **Infertility Services**

- charges made for services related to diagnosis of infertility and treatment of infertility once a condition of infertility has been diagnosed. Services include, but are not limited to: infertility drugs (including injectable infertility medications); approved surgeries and other therapeutic procedures that have been demonstrated in existing peer-reviewed, evidence-based, scientific literature to have a reasonable likelihood of resulting in pregnancy (including microsurgical sperm aspiration); laboratory tests; sperm washing or preparation; diagnostic evaluations; assisted hatching; fresh and frozen embryo transfer; ovulation induction; gamete intrafallopian transfer (GIFT); in vitro fertilization (IVF), including in vitro fertilization using donor eggs and in vitro fertilization where the embryo is transferred to a gestational carrier or surrogate; zygote intrafallopian transfer (ZIFT); artificial insemination; intracytoplasmic sperm injection (ICSI); and the services of an embryologist.

This benefit includes diagnosis and treatment of both male and female infertility.

Infertility services are covered for any abnormal function of the reproductive systems, such that you are not able to:

- impregnate another person;
- conceive after two years if the female partner is under 35 years old, or after one year if the female partner is 35 years old or older, or if one partner is considered medically sterile; or
- carry a pregnancy to live birth.

In vitro fertilization, gamete transfer and zygote transfer services are covered only:

- if you have used all reasonable, less expensive and medically appropriate treatment and are still unable to become pregnant or carry a pregnancy; and
- if you are 45 years old or younger.

However, the following are specifically excluded infertility services:

- reversal of male and female voluntary sterilization;
- infertility services when the infertility is caused by or related to the covered person's own voluntary sterilization;
- donor charges and services, except if Medically Necessary to the extent that benefits remain and are available under the recipient's policy, after benefits for the recipient's own expenses have been paid;
- cryopreservation of donor sperm and eggs; and
- any experimental, investigational or unproven infertility procedures or therapies.

### **Short-Term Rehabilitative Therapy**

Short-term Rehabilitative Therapy that is part of a rehabilitation program, including physical, speech, occupational, cognitive, osteopathic manipulative, cardiac rehabilitation and pulmonary rehabilitation therapy, when provided in the most medically appropriate setting.

The following limitation applies to Short-term Rehabilitative Therapy:

- occupational therapy is provided only for purposes of enabling persons to perform the activities of daily living after an Illness or Injury or Sickness.

Short-term Rehabilitative Therapy services that are not covered include but are not limited to:

- sensory integration therapy, group therapy; treatment of dyslexia; behavior modification or myofunctional therapy for dysfluency, such as stuttering or other involuntarily acted conditions without evidence of an underlying medical condition or neurological disorder;
- treatment for functional articulation disorder such as correction of tongue thrust, lisp, verbal apraxia or swallowing dysfunction that is not based on an underlying diagnosed medical condition or Injury; and
- maintenance or preventive treatment consisting of routine, long term or non-Medically Necessary care provided to prevent recurrence or to maintain the patient's current status.

Multiple outpatient services provided on the same day constitute one day.

A separate Copayment will apply to the services provided by each provider.

Services that are provided by a chiropractic Physician are not covered. These services include the conservative management of acute neuromusculoskeletal conditions through manipulation and ancillary physiological treatment rendered to restore motion, reduce pain and improve function.

### **Chiropractic Care Services**

Charges made for diagnostic and treatment services utilized in an office setting by chiropractic Physicians. Chiropractic treatment includes the conservative management of acute neuromusculoskeletal conditions through manipulation and ancillary physiological treatment rendered to specific joints to restore motion, reduce pain, and improve function. For these services you have direct access to qualified chiropractic Physicians.

The following limitation applies to Chiropractic Care Services:

- occupational therapy is provided only for purposes of enabling persons to perform the activities of daily living after an Injury or Sickness.

Chiropractic Care Services that are not covered include but are not limited to:

- services of a chiropractor which are not within his scope of practice, as defined by state law;
- charges for care not provided in an office setting;
- maintenance or preventive treatment consisting of routine, long term or non-Medically Necessary care provided to prevent recurrence or to maintain the patient's current status;
- vitamin therapy.

### **Breast Reconstruction and Breast Prostheses**

- charges made for reconstructive surgery following a mastectomy; benefits include: surgical services for reconstruction of the breast on which surgery was performed; surgical services for reconstruction of the non-diseased breast to produce symmetrical appearance; postoperative breast prostheses; and mastectomy bras and prosthetics, limited to the lowest cost alternative available that meets prosthetic placement needs. During all stages of mastectomy, treatment of physical complications, including lymphedema therapy, are covered.

### **Reconstructive Surgery**

- charges made for reconstructive surgery or therapy to repair or correct a severe physical deformity or disfigurement which is accompanied by functional deficit; (other than abnormalities of the jaw or conditions related to TMJ disorder) provided that: the surgery or therapy restores or improves function; reconstruction is required as a result of Medically Necessary, non-cosmetic surgery; or the surgery or therapy is performed prior to age 19 and is required as a result of the congenital absence or agenesis (lack of formation or development) of a body part. Repeat or subsequent surgeries for the same condition are covered only when there is the probability of significant additional improvement as determined by the utilization review Physician.

HC-COV631

12-17

### **Transplant Services**

- charges made for human organ and tissue Transplant services which include solid organ and bone marrow/stem cell procedures at designated facilities throughout the United States or its territories. This coverage is subject to the following conditions and limitations.

Transplant services include the recipient's medical, surgical and Hospital services; inpatient immunosuppressive medications; and costs for organ or bone marrow/stem cell procurement. Transplant services are covered only if they are required to perform any of the following human to human organ or tissue transplants: allogeneic bone marrow/stem cell, autologous bone marrow/stem cell, cornea, heart, heart/lung, kidney, kidney/pancreas, liver, lung, pancreas or intestine which includes small bowel-liver or multi-visceral.

All Transplant services, other than cornea, are covered at 100% when received at Cigna LIFESOURCE Transplant Network<sup>®</sup> facilities. Cornea transplants are not covered at Cigna LIFESOURCE Transplant Network<sup>®</sup> facilities. Transplant services, including cornea, received at participating facilities specifically contracted with Cigna for those Transplant services, other than Cigna LIFESOURCE Transplant Network<sup>®</sup> facilities, are payable at the In-Network level. Transplant services received at any other facilities, including Non-Participating Providers and Participating Providers not specifically contracted with Cigna for Transplant services, are covered at the Out-of-Network level.

Coverage for organ procurement costs are limited to costs directly related to the procurement of an organ, from a cadaver or a live donor. Organ procurement costs shall consist of surgery necessary for organ removal, organ transportation and the transportation (refer to Transplant Travel Services), hospitalization and surgery of a live donor. Compatibility

testing undertaken prior to procurement is covered if Medically Necessary. Costs related to the search for, and identification of a bone marrow or stem cell donor for an allogeneic transplant are also covered.

### **Transplant Travel Services**

Charges made for non-taxable travel expenses incurred by you in connection with a pre-approved organ/tissue transplant are covered subject to the following conditions and limitations. Transplant travel benefits are not available for cornea transplants. Benefits for transportation and lodging are available to you only if you are the recipient of a preapproved organ/tissue transplant from a designated Cigna LIFESOURCE Transplant Network<sup>®</sup> facility. The term recipient is defined to include a person receiving authorized transplant related services during any of the following: evaluation, candidacy, transplant event, or post-transplant care. Travel expenses for the person receiving the transplant will include charges for: transportation to and from the transplant site (including charges for a rental car used during a period of care at the transplant facility); and lodging while at, or traveling to and from the transplant site.

In addition to your coverage for the charges associated with the items above, such charges will also be considered covered travel expenses for one companion to accompany you. The term companion includes your spouse, a member of your family, your legal guardian, or any person not related to you, but actively involved as your caregiver who is at least 18 years of age. The following are specifically excluded travel expenses: any expenses that if reimbursed would be taxable income, travel costs incurred due to travel within 60 miles of your home; food and meals; laundry bills; telephone bills; alcohol or tobacco products; and charges for transportation that exceed coach class rates.

These benefits are only available when the covered person is the recipient of an organ/tissue transplant. Travel expenses for the designated live donor for a covered recipient are covered subject to the same conditions and limitations noted above. Charges for the expenses of a donor companion are not covered. No benefits are available when the covered person is a donor.

### **Medical Pharmaceuticals**

The plan covers charges made for Medical Pharmaceuticals that are administered in an Inpatient setting, Outpatient setting, Physician's office, or in a covered person's home.

Benefits under this section are provided only for Medical Pharmaceuticals which, due to their characteristics (as determined by Cigna), are required to be administered, or the

administration of which must be directly supervised, by a qualified Physician. Benefits payable under this section include Medical Pharmaceuticals whose administration may initially, or typically, require Physician oversight but may be self-administered under certain conditions specified in the product's FDA labeling.

Certain Medical Pharmaceuticals are subject to prior authorization requirements or other coverage conditions. Additionally, certain Medical Pharmaceuticals are subject to step therapy requirements. This means that in order to receive benefits for such Medical Pharmaceuticals, you are required to try a different Medical Pharmaceutical and/or Prescription Drug Product first.

The Cigna Business Decision Team determines whether utilization management requirements or other coverage conditions should apply to a Medical Pharmaceutical by considering a number of factors, including, but not limited to, clinical and economic factors. Clinical factors may include, but are not limited to, the P&T Committee's evaluations of the place in therapy, relative safety or relative efficacy of Medical Pharmaceuticals as well as whether utilization management requirements should apply. Economic factors may include, but are not limited to, the Medical Pharmaceutical's cost including, but not limited to, assessments on the cost effectiveness of the Medical Pharmaceuticals and available rebates. When considering a Medical Pharmaceutical for a coverage status, the Business Decision Team reviews clinical and economic factors regarding enrollees as a general population across its book-of-business. Regardless of its eligibility for coverage under your plan, whether a particular Prescription Drug Product is appropriate for you or any of your Dependents is a determination that is made by you (or your Dependent) and the prescribing Physician.

The coverage criteria for a Medical Pharmaceutical may change periodically for various reasons. For example, a Medical Pharmaceutical may be removed from the market, a new Medical Pharmaceutical in the same therapeutic class as a Medical Pharmaceutical may become available, or other market events may occur. Market events that may affect the coverage status of a Medical Pharmaceutical include, but are not limited to, an increase in the cost of a Medical Pharmaceutical.

## Prescription Drug Benefits

### Covered Expenses

Your plan provides benefits for Prescription Drug Products dispensed by a Pharmacy. Details regarding your plan's Covered Expenses, Limitations and Exclusions are provided below and are shown in The Schedule.

If you or any one of your Dependents, while insured for Prescription Drug Benefits, incurs expenses for charges made by a Pharmacy for Medically Necessary Prescription Drug Products ordered by a Physician, Cigna will provide coverage for those expenses as shown in The Schedule. Your benefits may vary depending on which of the Prescription Drug List tiers the Prescription Drug Product is listed, or the Pharmacy that provides the Prescription Drug Product.

Coverage under your plan's Prescription Drug Benefits also includes Medically Necessary Prescription Drug Products dispensed pursuant to a Prescription Order or Refill issued to you or your Dependents by a licensed dentist for the prevention of infection or pain in conjunction with a dental procedure.

When you or a Dependent are issued a Prescription Order or Refill for Medically Necessary Prescription Drug Products as part of the rendering of Emergency Services and Cigna determines that it cannot reasonably be filled by a Network Pharmacy, the prescription will be covered by Cigna as if filled by a Network Pharmacy. Your payment will be based on the Usual and Customary Charge submitted by the non-Network Pharmacy.

### Prescription Drug List Management

The Prescription Drug List (or formulary) offered under your Employer's plan is managed by the Cigna Business Decision Team. Your plan's Prescription Drug List coverage tiers may contain Prescription Drug Products that are Generic Drugs, Brand Drugs or Specialty Prescription Drug Products. The Business Decision Team makes the final assignment of a Prescription Drug Product to a certain coverage tier on the Prescription Drug List and decides whether utilization management requirements or other coverage conditions should apply to a Prescription Drug Product by considering a number of factors including, but not limited to, clinical and economic factors. Clinical factors may include, but are not limited to, the P&T Committee's evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether certain supply limits or other utilization management requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's acquisition cost including, but not limited to, assessments on the cost effectiveness of the Prescription Drug

Product and available rebates. When considering a Prescription Drug Product for tier placement on the Prescription Drug List or other coverage conditions, the Business Decision Team reviews clinical and economic factors regarding enrollees as a general population across its book-of-business. Regardless of its eligibility for coverage under the plan, whether a particular Prescription Drug Product is appropriate for you or any of your Dependents is a determination that is made by you or your Dependent; and the prescribing Physician.

The coverage status of a Prescription Drug Product may change periodically for various reasons. For example, a Prescription Drug Product may be removed from the market, a New Prescription Drug Product in the same therapeutic class as a Prescription Drug Product may become available, or other market events may occur. Market events that may affect the coverage status of a Prescription Drug Product include, but are not limited to, an increase in the acquisition cost of a Prescription Drug Product. As a result of coverage changes, for the purposes of benefits the plan may require you to pay more or less for that Prescription Drug Product, to obtain the Prescription Drug Product from a certain Pharmacy(ies) for coverage, or try another covered Prescription Drug Product(s). Please access the internet through the website shown on your ID card or call member services at the telephone number on your ID card for the most up-to-date tier status, utilization management, or other coverage limitations for a Prescription Drug Product.

HC-PHR136

10-16

## Limitations

### Prior Authorization Requirements

Coverage for certain Prescription Drug Products prescribed to you requires your Physician to obtain prior authorization from Cigna or its Review Organization. The reason for obtaining prior authorization from Cigna is to determine whether the Prescription Drug Product is Medically Necessary in accordance with Cigna's coverage criteria. Coverage criteria for a Prescription Drug Product may vary based on the clinical use for which the Prescription Order or Refill is submitted, and may change periodically based on changes in, without limitation, clinical guidelines or practice standards, or market factors.

If Cigna or its Review Organization reviews the documentation provided and determines that the Prescription Drug Product is not Medically Necessary or otherwise excluded, your plan will not cover the Prescription Drug Product. Cigna, or its Review Organization, will not review

claims for excluded Prescription Drug Products or other services to determine if they are Medically Necessary, unless required by law.

When Prescription Drug Products that require prior authorization are dispensed at a Pharmacy, you or your prescribing Physician are responsible for obtaining prior authorization from Cigna. If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed by the Pharmacy, you can ask us to consider reimbursement after you pay for and receive the Prescription Drug Product. You will need to pay for the Prescription Drug Product at the Pharmacy prior to submitting a reimbursement request.

When you submit a claim on this basis, you will need to submit a paper claim using the form that appears on the website shown on your ID card.

If a prior authorization request is approved, your Physician will receive confirmation. The authorization will be processed in the claim system to allow you to have coverage for the Prescription Drug Product. The length of the authorization may depend on the diagnosis and the Prescription Drug Product. The authorization will at all times be subject to the plan's terms of coverage for the Prescription Drug Product, which may change from time to time. When your Physician advises you that coverage for the Prescription Drug Product has been approved, you can contact a Pharmacy to fill the covered Prescription Order or Refill.

If the prior authorization request is denied, your Physician and you will be notified that coverage for the Prescription Drug Product is not authorized. If you disagree with a coverage decision, you may appeal that decision in accordance with the provisions of the plan by submitting a written request stating why the Prescription Drug Product should be covered.

### **Supply Limits**

Benefits for Prescription Drug Products are subject to the supply limits that are stated in The Schedule. For a single Prescription Order or Refill, you may receive a Prescription Drug Product up to the stated supply limit.

Some products are subject to additional supply limits, quantity limits or dosage limits based on coverage criteria that have been approved based on consideration of the P&T Committee's clinical findings. Coverage criteria are subject to periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may determine whether a Prescription Drug Product has been assigned a dispensing supply limit or similar limit or requirement at the website shown on your ID card or by calling member services at the telephone number on your ID card.

### **Specialty Prescription Drug Products**

Benefits are provided for Specialty Prescription Drug Products. If you require Specialty Prescription Drug Products, you may be directed to a Designated Pharmacy with whom Cigna has an arrangement to provide those Specialty Prescription Drug Products.

#### **Designated Pharmacies**

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products. If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you may not receive coverage for the Prescription Drug Product or be subject to the non-Network Pharmacy Benefit, if any, for that Prescription Drug Product. Refer to The Schedule for further information.

### **New Prescription Drug Products**

The Business Decision Team may or may not place a New Prescription Drug Product on a Prescription Drug List tier upon its market entry. The Business Decision Team will use reasonable efforts to make a tier placement decision for a New Prescription Drug Product within six months of its market availability. The Business Decision Team's tier placement decision shall be based on consideration of, without limitation, the P&T Committee's clinical review of the New Prescription Drug Product and economic factors. If a New Prescription Drug Product not listed on the Prescription Drug List is approved by Cigna or its Review Organization as Medically Necessary in the interim, the New Prescription Drug Product shall be covered at the applicable coverage tier as set forth in The Schedule.

HC-PHR137

01-20  
v9

### **Your Payments**

Covered Prescription Drug Products purchased at a Pharmacy are subject to any applicable Deductible, Copayments or Coinsurance shown in The Schedule. Please refer to The Schedule for any required Copayments, Coinsurance, Deductibles or Out-of-Pocket Maximums.

After satisfying the plan Deductible, if any, your responsibility for a covered Prescription Drug Product subject to a Copayment requirement will always be the lowest of:

- the Copayment for the Prescription Drug Product; or
- the Prescription Drug Charge for the Prescription Drug Product; or

- the Pharmacy's Usual and Customary (U&C) Charge for the Prescription Drug Product.

When a treatment regimen contains more than one type of Prescription Drug Products that are packaged together for you or your Dependent's convenience, any applicable Copayment or Coinsurance may apply to each Prescription Drug Product.

Any Prescription Drug Product not listed on the Prescription Drug List that is not otherwise excluded and Cigna or its Review Organization approves as Medically Necessary shall be covered at the applicable coverage tier as set forth in The Schedule.

The amount you or your Dependent pays for any excluded Prescription Drug Product or other product or service will not be included in calculating any applicable plan Out-of-Pocket Maximum. You are responsible for paying 100% of the cost (the amount the Pharmacy charges you) for any excluded Prescription Drug Product or other product, and any negotiated Prescription Drug Charge will not be available to you.

HC-PHR251

12-17

## Exclusions

Coverage exclusions listed under the "Exclusions, Expenses Not Covered and General Limitations" section also apply to benefits for Prescription Drug Products. In addition, the exclusions listed below apply to benefits for Prescription Drug Products. When an exclusion or limitation applies to only certain Prescription Drug Products, you can access the internet through the website shown on your ID card or call member services at the telephone number on your ID card for information on which Prescription Drug Products are excluded.

- coverage for Prescription Drug Products for the amount dispensed (days' supply) which exceeds the applicable supply limit, or is less than any applicable supply minimum set forth in The Schedule, or which exceeds quantity limit(s) or dosage limit(s) set by the P&T Committee.
- more than one Prescription Order or Refill for a given prescription supply period for the same Prescription Drug Product prescribed by one or more Physicians and dispensed by one or more Pharmacies.
- Prescription Drug Products dispensed outside the jurisdiction of the United States, except as required for emergency or Urgent Care treatment.
- Prescription Drug Products which are prescribed, dispensed or intended to be taken by or administered to you while you are a patient in a licensed Hospital, Skilled Nursing Facility, rest home, rehabilitation facility, or similar institution which operates on its premises or allows to be operated on its premises a facility for dispensing pharmaceutical products.
- Prescription Drug Products furnished by the local, state or federal government (except for a Network Pharmacy owned or operated by a local, state or federal government).
- Prescription and non-prescription supplies other than supplies covered as Prescription Drug Products.
- vitamins, except prenatal vitamins that require a Prescription Order or Refill, unless coverage for such product(s) is required by federal or state law.
- medications used for cosmetic purposes, including, without limitation, medications used to reduce wrinkles, medications used to promote hair growth, or medications used to control perspiration and fade cream products.
- Prescription Drug Products as a replacement for a previously dispensed Prescription Drug Product that was lost, stolen, broken or destroyed.
- Medical Pharmaceuticals covered solely under the plan's medical benefits.
- any ingredient(s) in a compounded Prescription Drug Product that has not been approved by the U.S. Food and Drug Administration (FDA).
- medications available over-the-counter that do not require a Prescription Order or Refill by federal or state law before being dispensed, unless state or federal law requires coverage of such medications or the over-the-counter medication has been designated as eligible for coverage as if it were a Prescription Drug Product.
- certain Prescription Drug Products that are a Therapeutic Equivalent or Therapeutic Alternative to an over-the-counter drug(s), or are available in over-the-counter form. Such coverage determinations may be made periodically, and benefits for a Prescription Drug Product that was previously excluded under this provision may be reinstated at any time.
- any product for which the primary use is a source of nutrition, nutritional supplements, or dietary management of disease, even when used for the treatment of Sickness or Injury, unless coverage for such product(s) is required by federal or state law.
- immunization agents, biological products for allergy immunization, biological sera, blood, blood plasma and other blood products or fractions and medications used for travel prophylaxis unless specifically identified on Prescription Drug list except for the treatment of hemophilia.
- certain Prescription Drug Products that are a Therapeutic Equivalent or Therapeutic Alternative to another covered Prescription Drug Product(s). Such coverage determinations may be made periodically, and benefits for a Prescription

Drug Product that was previously excluded under this provision may be reinstated at any time.

- medications that are experimental investigational or unproven as described under the “General Exclusion and Limitations” section of your plan’s certificate.

## Exclusions, Expenses Not Covered and General Limitations

### Exclusions and Expenses Not Covered

**Additional coverage limitations determined by plan or provider type are shown in The Schedule. Payment for the following is specifically excluded from this plan:**

- care for health conditions that are required by state or local law to be treated in a public facility.
  - care required by state or federal law to be supplied by a public school system or school district.
  - care for military service disabilities treatable through governmental services if you are legally entitled to such treatment and facilities are reasonably available.
  - treatment of a military, non-combatant civilian, or civilian illness or Injury which is due to war, declared or undeclared. Military exclusions exclude treatment of an illness or Injury suffered: as a result of war or an act of war, if the illness or Injury occurs while the insured person is serving in the military, naval or air forces of any country, combination of countries or international organization; and as a result of the special hazards incident to service in any civilian non-combatant unit supporting or accompanying such forces, provided the illness or Injury occurs while the insured person is serving in such unit and is outside the 50 United States of America, Puerto Rico, U.S. Virgin Islands, the District of Columbia or Canada.
- Civilian exclusions exclude treatment of illness or Injury suffered as a result of war or an act of war while the covered person is not in the military, naval or air forces of any country, combination of countries or international organization or in any civilian non-combatant unit supporting or accompanying such forces, if the illness or Injury occurs outside the 50 United States of America, Puerto Rico, U.S. Virgin Islands, the District of Columbia or Canada.
- charges which you are not obligated to pay or for which you are not billed or for which you would not have been billed except that they were covered under this plan. For example, if Cigna determines that a provider or Pharmacy is or has waived, reduced, or forgiven any portion of its charges and/or any portion of Copayment, Deductible, and/or Coinsurance amount(s) you are required to pay for a Covered Expense (as shown on The Schedule) without Cigna’s express consent, then Cigna shall have the right to deny the payment of benefits in connection with the Covered Expense, or reduce the benefits in proportion to the amount of the Copayment, Deductible, and/or Coinsurance amounts waived, forgiven or reduced, regardless of whether the provider or Pharmacy represents that you remain responsible for any amounts that your plan does not cover. In the exercise of that discretion, Cigna shall have the right to require you to provide proof sufficient to Cigna that you have made your required cost share payment(s) prior to the payment of any benefits by Cigna. This exclusion includes, but is not limited to charges of a non-Participating Provider who has agreed to charge you or charged you at an in-network benefits level or some other benefits level not otherwise applicable to the services received.
  - charges arising out of or relating to any violation of a healthcare-related state or federal law or which themselves are a violation of a healthcare-related or federal law.
  - assistance in the activities of daily living, including but not limited to eating, bathing, dressing or other Custodial Services or self-care activities, homemaker services and services primarily for rest, domiciliary or convalescent care.
  - for or in connection with experimental, investigational or unproven services, except for bone marrow transplants as treatment for Wilms’ tumor and except for drugs not recognized for the treatment if the particular indication in standard reference compendia or in medical literature.
- Experimental, investigational and unproven services are medical, surgical, diagnostic, psychiatric, substance use disorder or other health care technologies, supplies, treatments, procedures, drug or Biologic therapies or

devices that are determined by the utilization review Physician to be:

- not approved by the U.S. Food and Drug Administration (FDA) or other appropriate regulatory agency to be lawfully marketed;
- not demonstrated, through existing peer-reviewed, evidence-based, scientific literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed;
- the subject of review or approval by an Institutional Review Board for the proposed use except as provided in the “Clinical Trials” sections of this plan; or
- the subject of an ongoing phase I, II or III clinical trial, except for routine patient care costs related to qualified clinical trials as provided in the “Clinical Trials” sections of this plan.

In determining whether drug or Biologic therapies are experimental, investigational and unproven, the utilization review Physician may review, without limitation, U.S. Food and Drug Administration approved labeling, the standard medical reference compendia and peer-reviewed, evidence-based scientific literature. The plan or policy shall not deny coverage for a drug or Biologic therapy as experimental, investigational and unproven if the drug or Biologic therapy is otherwise approved by the FDA to be lawfully marketed, has not been contraindicated by the FDA for the use for which the drug or Biologic has been prescribed, and is recognized for the treatment of cancer in any one of the following: American Medical Association Drug Evaluations, American Hospital Formulary Service Drug Information, U.S. Pharmacopeia Drug Information, or a U.S. peer-reviewed national professional journal.

- cosmetic surgery and therapies. Cosmetic surgery or therapy is defined as surgery or therapy performed to improve or alter appearance or self-esteem. This exclusion does not apply to the necessary care and treatment of a Dependent child from the moment of birth with a medically diagnosed congenital defect or birth abnormality.
- the following services are excluded from coverage regardless of clinical indications: macromastia or gynecomastia surgeries; surgical treatment of varicose veins; abdominoplasty; panniculectomy; rhinoplasty; blepharoplasty; redundant skin surgery; removal of skin tags; acupressure; craniosacral/cranial therapy; dance therapy; movement therapy; applied kinesiology; rolfing; prolotherapy; and extracorporeal shock wave lithotripsy (ESWL) for musculoskeletal and orthopedic conditions.
- surgical or non-surgical treatment of TMJ disorders.
- dental treatment of the teeth, gums or structures directly supporting the teeth, including dental X-rays, examinations, repairs, orthodontics, periodontics, casts, splints and

services for dental malocclusion, for any condition. Charges made for services or supplies provided for or in connection with an accidental Injury to teeth are covered provided a continuous course of dental treatment is started within six months of an accident.

- medical and surgical services, initial and repeat, intended for the treatment or control of obesity, except for treatment of clinically severe (morbid) obesity as shown in Covered Expenses, including: medical and surgical services to alter appearance or physical changes that are the result of any surgery performed for the management of obesity or clinically severe (morbid) obesity; and weight loss programs or treatments, whether prescribed or recommended by a Physician or under medical supervision.
- unless otherwise covered in this plan, for reports, evaluations, physical examinations, or hospitalization not required for health reasons including, but not limited to, employment, insurance or government licenses, and court-ordered, forensic or custodial evaluations.
- court-ordered treatment or hospitalization, unless such treatment is prescribed by a Physician and listed as covered in this plan.
- any services or supplies for the treatment of male or female sexual dysfunction such as, but not limited to, treatment of erectile dysfunction.
- medical and Hospital care and costs for the infant child of a Dependent beyond 31 days after the child’s birth, unless this infant child is otherwise eligible under this plan.
- non-medical counseling and/or ancillary services including, but not limited to, Custodial Services, educational services, vocational counseling, training and rehabilitation services, behavioral training, biofeedback, neurofeedback, hypnosis, sleep therapy, return to work services, work hardening programs, and driver safety courses.
- tuition for schools, facilities or programs that render intensive behavioral interventions.
- therapy or treatment intended primarily to improve or maintain general physical condition or for the purpose of enhancing job, school, athletic or recreational performance, including but not limited to routine, long term, or maintenance care which is provided after the resolution of the acute medical problem and when significant therapeutic improvement is not expected.
- consumable medical supplies other than ostomy supplies and urinary catheters. Excluded supplies include, but are not limited to bandages and other disposable medical supplies, skin preparations and test strips, except as specified in the “Diabetic Services,” “Home Health Services” or “Breast Reconstruction and Breast Prostheses” sections of this plan.

- private Hospital rooms and/or private duty nursing except as provided under the Home Health Services provision.
- personal or comfort items such as personal care kits provided on admission to a Hospital, television, telephone, newborn infant photographs, complimentary meals, birth announcements, and other articles which are not for the specific treatment of an Injury or Sickness.
- artificial aids including, but not limited to, corrective orthopedic shoes, arch supports, elastic stockings, garter belts, corsets, dentures and wigs.
- hearing aids, including but not limited to semi-implantable hearing devices, audiant bone conductors and Bone Anchored Hearing Aids (BAHAs). A hearing aid is any device that amplifies sound. This exclusion does not apply to coverage for hearing aids for Dependent children 15 years of age or younger.
- corrective lenses and associated services (prescription exams and fittings), including eyeglass lenses and frames and contact lenses. Except for the first pair of corrective lenses and associated services following treatment of keratoconus or cataract surgery.
- routine refractions, eye exercises and surgical treatment for the correction of a refractive error, including radial keratotomy.
- all non-injectable prescription drugs unless Physician administration or oversight is required injectable drugs to the extent they do not require Physician supervision and are typically considered self-administered drugs, non-prescription drugs, and investigational and experimental drugs, except as provided in this plan.
- routine foot care, including the paring and removing of corns and calluses or trimming of nails. However, services associated with foot care for diabetes and peripheral vascular disease are covered when Medically Necessary.
- membership costs or fees associated with health clubs, weight loss programs.
- genetic screening or pre-implantations genetic screening. General population-based genetic screening is a testing method performed in the absence of any symptoms or any significant, proven risk factors for genetically linked inheritable disease.
- dental implants for any condition.
- fees associated with the collection or donation of blood or blood products, except for autologous donation in anticipation of scheduled services where in the utilization review Physician's opinion the likelihood of excess blood loss is such that transfusion is an expected adjunct to surgery.
- blood administration for the purpose of general improvement in physical condition.

- cost of biologicals that are immunizations or medications for the purpose of travel, or to protect against occupational hazards and risks.
- cosmetics, dietary supplements and health and beauty aids.
- nutritional supplements and formulae except as provided for in "Covered Expenses."
- for or in connection with an Injury or Sickness arising out of, or in the course of, any employment for wage or profit.
- massage therapy.
- any services, supplies or equipment intended primarily to provide a safe environment, including, but not limited to: helmets, safety goggles/glasses, bed exit monitors, restraints, telephone alert systems, fire extinguishers, smoke/carbon monoxide detectors, fall detection systems, safety rails, fixtures to real property to create a safe surrounding, first aid kits, automatic external defibrillators.

### **General Limitations**

No payment will be made for expenses incurred for you or any one of your Dependents:

- for charges made by a Hospital owned or operated by or which provides care or performs services for, the United States Government, if such charges are directly related to a military-service-connected Injury or Sickness.
- to the extent that you or any one of your Dependents is in any way paid or entitled to payment for those expenses by or through a public program, other than Medicaid.
- to the extent that payment is unlawful where the person resides when the expenses are incurred.
- for charges which would not have been made if the person had no insurance.
- to the extent that they are more than Maximum Reimbursable Charges.
- to the extent of the exclusions imposed by any certification requirement shown in this plan.
- expenses for supplies, care, treatment, or surgery that are not Medically Necessary.
- charges made by any covered provider who is a member of your family or your Dependent's family.
- expenses incurred outside the United States other than expenses for Medically Necessary urgent or emergent care while temporarily traveling abroad.

### **Personal Injury Protection (PIP) or Out-of-State Automobile Insurance Coverage (OSAIC)**

When expenses are incurred as the result of an Automobile Related Injury, and the injured person has coverage under Personal Injury Protection (PIP) or Out-of-State Automobile Insurance Coverage (OSAIC), this section will be used to

determine whether this certificate provides coverage that is primary to such coverage or secondary to such coverage. It will also be used to determine the amount payable if this certificate provides primary or secondary coverage.

This certificate provides secondary coverage to PIP unless health coverage has been elected as primary coverage by or for the person covered under this policy. This election is made by the named insured under a PIP policy and affects that person's family members who are not themselves named insureds under another automobile certificate. This certificate may be primary for one covered person, but not for another if the persons have separate automobile insurance policies and have made different selections regarding primacy of health coverage.

This certificate is secondary to OSAIC. However, if the OSAIC contains provisions which make it secondary or excess to the policyholder's Plan, then the policyholder's Plan is primary.

If there is a dispute as to whether this plan is primary or secondary, this certificate will pay benefits as if it were primary.

If this plan is primary to PIP or OSAIC, this certificate will pay benefits payable on eligible expenses in accordance with the terms provided in this certificate.

If this plan is one of several insurance plans which provide benefits to the insured and are primary to automobile insurance coverage, then the rules as provided in the Coordination of Benefits section of this certificate shall apply.

If this plan is secondary to PIP, the actual benefits payable will be the lesser of: the remaining uncovered allowable expenses after PIP has provided coverage after application of Deductibles and Copayments, or the actual benefits that would have been payable had the plan been providing coverage primary to PIP.

To the extent that the certificate provides coverage that supplements coverage under Medicare, then the plan can be primary to automobile insurance only insofar as Medicare is primary to automobile insurance.

## Coordination of Benefits

**PLEASE NOTE: If you are covered by more than one health benefit plan, you should file all your claims with each plan and provide each plan with information regarding the other plans under which you are covered.**

### **Purpose of This Provision**

A covered person may be covered for health benefits or services by more than one Plan. For instance, he or she may be covered by this policy as an Employee and by another plan as a Dependent of his or her spouse. If he or she is covered by more than one Plan, this provision allows Cigna to coordinate what Cigna pays or provides with what another Plan pays or provides. This provision sets forth the rules for determining which is the primary plan and which is the secondary plan. Coordination of benefits is intended to avoid duplication of benefits while at the same time preserving certain rights to coverage under all Plans under which the covered person is covered.

### **Definitions**

The words shown below have special meanings when used in this provision. Please read these definitions carefully.

Throughout this provision, these defined terms appear with their initial letter capitalized.

**Allowable Expense:** The charge for any health care service, supply or other item of expense for which the covered person is liable when the health care service, supply or other item of expense is covered at least in part under any of the Plans involved, except where a statute requires another definition, or as otherwise stated below.

When this policy is coordinating benefits with a Plan that provides benefits only for dental care, vision care, prescription drugs or hearing aids, Allowable Expense is limited to like items of expense.

Cigna will not consider the difference between the cost of a private hospital room and that of a semi-private hospital room as an Allowable Expense unless the stay in a private room is Medically Necessary and Appropriate.

When this policy is coordinating benefits with a Plan that restricts coordination of benefits to a specific coverage, Cigna will only consider corresponding services, supplies or items of expense to which coordination of benefits applies as an Allowable Expense.

**Claim Determination Period:** A Calendar Year, or any portion of a Calendar Year, during which a covered person is covered by this policy and at least one other Plan and incurs one or more Allowable Expense(s) under such plans.

**Plan:** Coverage with which coordination of benefits is allowed. Plan includes:

- Group insurance and group subscriber contracts, including insurance continued pursuant to a Federal or State continuation law;
- Self-funded arrangements of group or group-type coverage, including insurance continued pursuant to a Federal or State continuation law;
- Group or group-type coverage through a health maintenance organization (HMO) or other prepayment, group practice and individual practice plans, including insurance continued pursuant to a Federal or State continuation law;
- Group hospital indemnity benefit amounts that exceed \$150.00 per day;
- Medicare or other governmental benefits, except when, pursuant to law, the benefits must be treated as in excess of those of any private insurance plan or non-governmental plan.

Plan does not include:

- Individual or family insurance contracts or subscriber contracts;
- Individual or family coverage through a health maintenance organization or under any other prepayment, group practice and individual practice plans;
- Group or group-type coverage where the cost of coverage is paid solely by the covered person except that coverage being continued pursuant to a Federal or State continuation law shall be considered a Plan;
- Group hospital indemnity benefit amounts of \$150.00 per day or less;
- School accident-type coverage;
- A State plan under Medicaid.

**Primary Plan:** A Plan whose benefits for a covered person's health care coverage must be determined without taking into consideration the existence of any other Plan. There may be more than one Primary Plan. A Plan will be the Primary Plan if either item below exists:

- The Plan has no order of benefit determination rules, or it has rules that differ from those contained in this Coordination of Benefits and Services provision; or
- All Plans which cover the covered person use order of benefit determination rules consistent with those contained in the Coordination of Benefits and Services provision and under those rules, the plan determines its benefits first.

**Reasonable and Customary:** An amount that is not more than the usual or customary charge for the service or supply as determined by Cigna, based on a standard which is most often

charged for a given service by a Provider within the same geographic area.

**Secondary Plan:** A Plan which is not a Primary Plan. If a covered person is covered by more than one Secondary Plan, the order of benefit determination rules of this Coordination of Benefits and Services provision shall be used to determine the order in which the benefits payable under the multiple Secondary Plans are paid in relation to each other. The benefits of each Secondary Plan may take into consideration the benefits of the Primary Plan or Plans and the benefits of any other Plan which, under this Coordination of Benefits and Services provision, has its benefits determined before those of that Secondary Plan.

#### **Primary and Secondary Plan**

Cigna considers each plan separately when coordinating payments.

The Primary Plan pays or provides services or supplies first, without taking into consideration the existence of a Secondary Plan. If a Plan has no coordination of benefits provision, or if the order of benefit determination rules differ from those set forth in these provisions, it is the Primary Plan.

A Secondary Plan takes into consideration the benefits provided by a Primary Plan when, according to the rules set forth below, the plan is the Secondary Plan. If there is more than one Secondary Plan, the order of benefit determination rules determine the order among the Secondary Plans. During each claim determination period the Secondary Plan(s) will pay up to the remaining unpaid allowable expenses, but no Secondary Plan will pay more than it would have paid if it had been the Primary Plan. The method the Secondary Plan uses to determine the amount to pay is set forth below in the "Procedures to be Followed by the Secondary Plan to Calculate Benefits" section of this provision.

The Secondary Plan shall not reduce Allowable Expenses for medically necessary and appropriate services or supplies on the basis that precertification, preapproval, notification or second surgical opinion procedures were not followed.

#### **Rules for the Order of Benefit Determination**

The benefits of the Plan that covers the covered person as an employee, member, subscriber or retiree shall be determined before those of the Plan that covers the covered person as a Dependent. The coverage as an employee, member, subscriber or retiree is the Primary Plan.

The benefits of the Plan that covers the covered person as an employee who is neither laid off nor retired, or as a dependent of such person, shall be determined before those for the Plan that covers the covered person as a laid off or retired employee, or as such a person's Dependent. If the other Plan does not contain this rule, and as a result the Plans do not agree on the order of benefit determination, this portion of this provision shall be ignored.

The benefits of the Plan that covers the covered person as an employee, member, subscriber or retiree, or Dependent of such person, shall be determined before those of the Plan that covers the covered person under a right of continuation pursuant to Federal or State law. If the other Plan does not contain this rule, and as a result the Plans do not agree on the order of benefit determination, this portion of this provision shall be ignored.

If a child is covered as a Dependent under Plans through both parents, and the parents are neither separated nor divorced, the following rules apply:

- The benefits of the Plan of the parent whose birthday falls earlier in the Calendar Year shall be determined before those of the parent whose birthday falls later in the Calendar Year.
- If both parents have the same birthday, the benefits of the Plan which covered the parent for a longer period of time shall be determined before those of the plan which covered the other parent for a shorter period of time.
- "Birthday," as used above, refers only to month and day in a Calendar Year, not the year in which the parent was born.
- If the other plan contains a provision that determines the order of benefits based on the gender of the parent, the birthday rule in this provision shall be ignored.

If a child is covered as a Dependent under Plans through both parents, and the parents are separated or divorced, the following rules apply:

- The benefits of the Plan of the parent with custody of the child shall be determined first.
- The benefits of the Plan of the spouse of the parent with custody shall be determined second.
- The benefits of the Plan of the parent without custody shall be determined last.
- If the terms of a court decree state that one of the parents is responsible for the health care expenses for the child, and if the entity providing coverage under that Plan has actual knowledge of the terms of the court decree, then the benefits of that plan shall be determined first. The benefits of the plan of the other parent shall be considered as secondary. Until the entity providing coverage under the plan has knowledge of the terms of the court decree regarding health care expenses, this portion of this provision shall be ignored.

If the above order of benefits does not establish which plan is the Primary Plan, the benefits of the Plan that covers the employee, member or subscriber for a longer period of time shall be determined before the benefits of the Plan(s) that covered the person for a shorter period of time.

#### Procedures to be Followed by the Secondary Plan to Calculate Benefits

In order to determine which procedure to follow it is necessary to consider:

- The basis on which the Primary Plan and the Secondary Plan pay benefits; and
- Whether the provider who provides or arranges the services and supplies is in the network of either the Primary Plan or the Secondary Plan.

Benefits may be based on the Reasonable and Customary Charge (R & C), or some similar term. This means that the provider bills a charge and the covered person may be held liable for the full amount of the billed charge. In this section, a Plan that bases benefits on a reasonable and customary charge is called an "R & C Plan."

Benefits may be based on a contractual fee schedule, sometimes called a negotiated fee schedule, or some similar term. This means that although a provider, called a network provider, bills a charge, the covered person may be held liable only for an amount up to the negotiated fee. In this section, a Plan that bases benefits on a negotiated fee schedule is called a "Fee Schedule Plan." If the covered person uses the services of a non-network provider, the plan will be treated as an R & C Plan even though the plan under which he or she is covered allows for a fee schedule.

Payment to the provider may be based on a "capitation." This means that the HMO or other plan pays the provider a fixed amount per covered person. The covered person is liable only for the applicable deductible, coinsurance or copayment. If the covered person uses the services of a non-network provider, the HMO or other plan will only pay benefits in the event of emergency care or urgent care. In this section, a Plan that pays providers based upon capitation is called a "Capitation Plan."

In the rules below, "provider" refers to the provider who provides or arranges the services or supplies and "HMO" refers to a health maintenance organization plan.

#### Primary Plan is R & C Plan and Secondary Plan is R & C Plan

The Secondary Plan shall pay the lesser of:

- The difference between the amount of the billed charges and the amount paid by the Primary Plan; or
- The amount the Secondary Plan would have paid if it had been the Primary Plan.

When the benefits of the Secondary Plan are reduced as a result of this calculation, each benefit shall be reduced in proportion, and the amount paid shall be charged against any applicable benefit limit of the plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is Fee Schedule Plan

If the provider is a network provider in both the Primary Plan and the Secondary Plan, the Allowable Expense shall be the fee schedule of the Primary Plan. The Secondary Plan shall pay the lesser of:

- The amount of any deductible, coinsurance or copayment required by the Primary Plan; or
- The amount the Secondary Plan would have paid if it had been the Primary Plan.

The total amount the provider receives from the Primary Plan, the Secondary Plan and the covered person shall not exceed the fee schedule of the Primary Plan. In no event shall the covered person be responsible for any payment in excess of the copayment, coinsurance or deductible of the Secondary Plan.

Primary Plan is R & C Plan and Secondary Plan is Fee Schedule Plan

If the provider is a network provider in the Secondary Plan, the Secondary Plan shall pay the lesser of:

- The difference between the amount of the billed charges for the Allowable Expenses and the amount paid by the Primary Plan; or
- The amount the Secondary Plan would have paid if it had been the Primary Plan.

The covered person shall only be liable for the copayment, deductible or coinsurance under the Secondary Plan if the covered person has no liability for copayment, deductible or coinsurance under the Primary Plan and the total payments by both the Primary and Secondary Plans are less than the provider's billed charges. In no event shall the covered person be responsible for any payment in excess of the copayment, coinsurance or deductible of the Secondary Plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is R & C Plan

If the provider is a network provider in the Primary Plan, the Allowable Expense considered by the Secondary Plan shall be the fee schedule of the Primary Plan. The Secondary Plan shall pay the lesser of:

- The amount of any deductible, coinsurance or copayment required by the Primary Plan; or
- The amount the Secondary Plan would have paid if it had been the Primary Plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is R & C Plan or Fee Schedule Plan

If the Primary Plan is an HMO plan that does not allow for the use of non-network providers except in the event of urgent care or emergency care and the service or supply the covered person receives from a non-network provider is not considered

as urgent care or emergency care, the Secondary Plan shall pay benefits as if it were the Primary Plan.

Primary Plan is Capitation Plan and Secondary Plan is Fee Schedule Plan or R & C Plan

If the covered person receives services or supplies from a provider who is in the network of both the Primary Plan and the Secondary Plan, the Secondary Plan shall pay the lesser of:

- The amount of any deductible, coinsurance or copayment required by the Primary Plan; or
- The amount the Secondary Plan would have paid if it had been the Primary Plan.

Primary Plan is Capitation Plan or Fee Schedule Plan or R & C Plan and Secondary Plan is Capitation Plan

If the covered person receives services or supplies from a provider who is in the network of the Secondary Plan, the Secondary Plan shall be liable to pay the capitation to the provider and shall not be liable to pay the deductible, coinsurance or copayment imposed by the Primary Plan. The covered person shall not be liable to pay any deductible, coinsurance or copayments of either the Primary Plan or the Secondary Plan.

Primary Plan is an HMO and Secondary Plan is an HMO

If the Primary Plan is an HMO plan that does not allow for the use of non-network providers except in the event of urgent care or emergency care and the service or supply the covered person receives from a non-network provider is not considered as urgent care or emergency care, but the provider is in the network of the Secondary Plan, the Secondary Plan shall pay benefits as if it were the Primary Plan, except that the Primary Plan shall pay out-of-Network services, if any, authorized by the Primary Plan.

## Medicare Eligibles

Cigna will pay as the Secondary Plan as permitted by the Social Security Act of 1965 as amended for the following:

- (a) a former Employee who is eligible for Medicare and whose insurance is continued for any reason as provided in this plan;
- (b) a former Employee's Dependent, or a former Dependent Spouse, who is eligible for Medicare and whose insurance is continued for any reason as provided in this plan;
- (c) an Employee whose Employer and each other Employer participating in the Employer's plan have fewer than 100 Employees and that Employee is eligible for Medicare due to disability;

- (d) the Dependent of an Employee whose Employer and each other Employer participating in the Employer's plan have fewer than 100 Employees and that Dependent is eligible for Medicare due to disability;
- (e) an Employee or a Dependent of an Employee of an Employer who has fewer than 20 Employees, if that person is eligible for Medicare due to age;
- (f) an Employee, retired Employee, Employee's Dependent or retired Employee's Dependent who is eligible for Medicare due to End Stage Renal Disease after that person has been eligible for Medicare for 30 months;

Cigna will assume the amount payable under:

- Part A of Medicare for a person who is eligible for that Part without premium payment, but has not applied, to be the amount he would receive if he had applied.
- Part B of Medicare for a person who is entitled to be enrolled in that Part, but is not, to be the amount he would receive if he were enrolled.
- Part B of Medicare for a person who has entered into a private contract with a provider, to be the amount he would receive in the absence of such private contract.

A person is considered eligible for Medicare on the earliest date any coverage under Medicare could become effective for him.

This reduction will not apply to any Employee and his Dependent or any former Employee and his Dependent unless he is listed under (a) through (f) above.

it is the provider's responsibility to reimburse the overpayment to you. Cigna may pay all healthcare benefits for Covered Services directly to a Participating Provider without your authorization. You may not interpret or rely upon this discrete authorization or permission to pay any healthcare benefits to a Participating or non-Participating Provider as the authority to assign any other rights under this policy to any party, including, but not limited to, a provider of healthcare services/items.

Even if the payment of healthcare benefits to a non-Participating Provider has been authorized by you, Cigna may, at its option, make payment of benefits to you. When benefits are paid to you, you or your Dependents are responsible for reimbursing the non-Participating Provider.

If any person to whom benefits are payable is a minor or, in the opinion of Cigna is not able to give a valid receipt for any payment due him, such payment will be made to his legal guardian. If no request for payment has been made by his legal guardian, Cigna may, at its option, make payment to the person or institution appearing to have assumed his custody and support.

When one of our participants passes away, Cigna may receive notice that an executor of the estate has been established. The executor has the same rights as our insured and benefit payments for unassigned claims should be made payable to the executor.

Payment as described above will release Cigna from all liability to the extent of any payment made.

## Payment of Benefits

### Assignment and Payment of Benefits

You may not assign to any party, including, but not limited to, a provider of healthcare services/items, your right to benefits under this plan, nor may you assign any administrative, statutory, or legal rights or causes of action you may have under ERISA, including, but not limited to, any right to make a claim for plan benefits, to request plan or other documents, to file appeals of denied claims or grievances, or to file lawsuits under ERISA. Any attempt to assign such rights shall be void and unenforceable under all circumstances.

You may, however, authorize Cigna to pay any healthcare benefits under this policy to a Participating or non-Participating Provider. When you authorize the payment of your healthcare benefits to a Participating or non-Participating Provider, you authorize the payment of the entire amount of the benefits due on that claim. If a provider is overpaid because of accepting duplicate payments from you and Cigna,

## Time of Payment

Benefits will be paid by Cigna within 30 days after it receives a proper claim by electronic means and within 40 days after it receives a proper claim by other than electronic means. A claim will be considered to be properly submitted if it is an eligible claim for a health care service provided by a Physician to an insured; the claim has no material defect such as missing substantiating documentation or incorrect coding; there is no dispute regarding the amount of the claim; Cigna has no reason to believe the claim is fraudulent; and the claim requires no special treatment that prevents timely payment. If the claim is in whole or in part denied, ineligible, incomplete of substantiating documentation, miscoded or contains misinformation, the amount is in dispute, or requires special treatment, Cigna will in writing or by electronic means as appropriate, give an explanation of: denial, what documentation is needed to perfect a claim, a disputed claim amount, or a claim requiring extra time to process. Cigna will give notice of receipt of a claim by electronic means no later than two working days following receipt of the transmission of the claim. An overdue payment shall bear simple interest at the rate of 12% per annum.

## Calculation of Covered Expenses

Cigna, in its discretion, will calculate Covered Expenses following evaluation and validation of all provider billings in accordance with:

- the methodologies in the most recent edition of the Current Procedural terminology.
- the methodologies as reported by generally recognized professionals or publications.

HC-POB108

01-17

## Termination of Insurance

### Employees

Your insurance will cease on the earliest date below:

- the date you cease to be in a Class of Eligible Employees or cease to qualify for the insurance.
- the last day for which you have made any required contribution for the insurance.
- the date the policy is canceled.
- the date your Active Service ends except as described below.

Any continuation of insurance must be based on a plan which precludes individual selection.

## Leave of Absence

If your Active Service ends due to leave of absence, your insurance will be continued until the date your Employer stops paying premium for you; or otherwise cancels your insurance. However, your insurance will not be continued for more than 60 days past the date your Active Service ends.

## Injury or Sickness

If your Active Service ends due to an Injury or Sickness, your insurance will be continued while you remain totally and continuously disabled as a result of the Injury or Sickness. However, your insurance will not continue past the date your Employer stops paying premium for you or otherwise cancels your insurance.

## Dependents

Your insurance for all of your Dependents will cease on the earliest date below:

- the date your insurance ceases.
- the date you cease to be eligible for Dependent Insurance.
- the last day for which you have made any required contribution for the insurance.
- the date Dependent Insurance is canceled.

The insurance for any one of your Dependents will cease on the date that Dependent no longer qualifies as a Dependent.

## Dependent Medical and Vision Insurance After Your Death

If you are insured for Medical and Vision Insurance when you die, any of your Dependents who are then insured for such insurance, will remain so insured without further payment of premiums for them. The insurance on any of those Dependents will remain in force until the earliest of the following date below:

- the 180th day after your death;
- if a surviving spouse remarries, or enters into a civil union partnership or a Domestic Partnership, the date he remarries or enters that partnership, or the 180th day after your death, whichever is later;
- if a Dependent becomes eligible for Medicare, the date he becomes eligible or the 180th day after your death, whichever is later (this does not apply to Vision Insurance.);
- the date Dependent ceases to pay any required premiums for the insurance;
- the date that Dependent ceases to qualify as a Dependent for a reason other than lack of primary support by you.

The Dependent benefits payable after you die will be those in effect for your Dependents on the day prior to your death.

HC-TRM137 M

12-17

## **Continuation**

### **Special Continuation of Medical Insurance – Total Disability**

If your insurance would otherwise cease due to total disability, and if you have been insured for at least three consecutive months under the policy, and if you pay your Employer the required premium, your Medical Insurance will be continued until the earliest of:

- the last day for which you have paid the required premium;
- the date you become employed and eligible for similar insurance under another group policy for medical and dental benefits;
- the date the policy is canceled.

Within 31 days after the date the insurance would otherwise cease, you may elect such continuation by completing a continuation notification and by paying the required premium to your Employer.

If your insurance is being continued as outlined above, the Medical Insurance for any of your Dependents insured on the date your insurance would otherwise cease may be continued, subject to the above provisions. The Dependent Medical Insurance will be continued until the earlier of:

- the date your insurance ceases; or
- with respect to any one Dependent, the date that Dependent no longer qualifies as a Dependent.

This option will not operate to reduce any continuation of insurance otherwise provided.

### **Continuation of Coverage for Dependent Children under New Jersey Law**

A Dependent child of a Covered Person who meets the limiting age for coverage of a Dependent, is eligible to continue coverage for himself until his 31st birthday, provided he meets all of the following “Special Eligibility Criteria” for this continuation coverage:

- is a Covered Person’s child by blood or by law; and
- has reached the limiting age as specified under his parents’ policy, but has not yet reached his 31st birthday; and
- is unmarried; and
- has no Dependents of his own; and

- is either a resident of New Jersey OR is enrolled as a full-time student at an accredited public or private institution of higher education; and
- is not covered under any other group or individual health benefits plan, and is not entitled to benefits under Medicare.

To obtain continued coverage under this provision, the Dependent child must make a written election for continuation coverage as a Dependent, complete any necessary enrollment forms and pay the premium, at any of the following times:

- within 30 days prior to the termination of coverage at the specific age provided in this Plan; or
- within 30 days after meeting the “Special Eligibility Criteria” requirements, when coverage for the Dependent under this Plan previously terminated; or
- during an open enrollment period, if provided in the Plan, if the Dependent child meets the “Special Eligibility Criteria” during the open enrollment period; or
- for the initial 12 months after the effective date of this legislation, from 5/12/2006 to 5/11/2007 only, a Dependent child meeting the “Special Eligibility Criteria” whose coverage as a Dependent under a Covered Person’s policy terminated prior to 5/12/2006 due to attainment of limiting age under such Covered Person’s policy.

A Dependent child is only entitled to make an election for continued coverage if the Dependent child was actually covered under his parent’s Plan on the date he reached the limiting age and was terminated due to reaching such limiting age.

To continue group health benefits, the Dependent child must meet all of the requirements specified in this section and must make written election to us. The effective date of the Dependent child’s continued coverage will be the later of: the date the Dependent child requests continued coverage with us; or the date the Dependent meets all of the “Special Eligibility Criteria.” This continued coverage is conditional upon the Dependent child completing the required enrollment form and sending us the first month’s premium due. The Dependent child covered under this continuation benefit must pay subsequent premiums monthly, in advance, at the times and in the manner specified by us. Premium payments, other than the first premium payment, will be considered timely if payment is made no later than 30 days of the date such premium payment is due.

For a Dependent child whose coverage has not yet terminated due to the attainment of the limiting age as specified under this Plan, the written election must be made within 30 days prior to termination of coverage due to the attainment of the limiting age.

For a Dependent child who did not qualify for this continued coverage because he fails to meet all the “Special Eligibility

Criteria,” but who subsequently meets all of the “Special Eligibility Criteria,” written election must be made within 30 days after the Dependent child first subsequently meets all of the requirements.

This election opportunity for the Dependent child is explained in greater detail as follows:

- If a Dependent child did not qualify because he or she was married, the notice must be given within 30 days of the date he or she is no longer married.
- If a Dependent child did not qualify because he had a Dependent of his own, the election must be made within 30 days of the date he no longer has a Dependent.
- If a Dependent child did not qualify because he either was not a resident of New Jersey or was not a full-time student at an accredited school, the election must be made within 30 days of the date he becomes a resident of New Jersey, or becomes a full-time student at an accredited school.
- If a Dependent child did not qualify because he was covered under any other group or individual health benefits plan, group health plan, church plan or health benefits plan, or was entitled to Medicare, the election must be made within 30 days of the date he is no longer covered under any other group or individual health benefits plan, group health plan, church plan or health benefits plan, or is no longer entitled to Medicare.

Each year, there will be an Open Enrollment Period as specified under this Plan during which a Dependent child who previously did not elect to continue coverage, may make an election to continue coverage.

A Dependent child who qualifies for this continuation coverage as of May 12, 2006, having reached the limiting age under his parents’ plan and lost coverage prior to May 12, 2006 due to reaching such limiting age, may give written notice of an election for continued coverage at any time beginning May 12, 2006 and continuing until May 11, 2007.

A Dependent child who was covered under prior Creditable Coverage that terminated no more than 90 days prior to making an election for continuation under this section will be given credit for the time he was covered under the Creditable Coverage toward the application of the Pre-Existing Conditions Exclusion under the Policy.

The continued coverage shall be identical to the coverage provided to the Dependent child continuant’s parent who is covered as an Employee under this Plan. If coverage is modified for Dependents who are under the limiting age as specified in this Plan, the coverage for Dependent child continuants shall also be modified in the same manner. Evidence of insurability is not required for the continued coverage.

The Group is required to notify the Dependent child in writing of the option to continue coverage and the duties of continuing coverage at the following times:

- on/before the coverage of the Dependent terminates due to reaching the limiting age; and
- at the time coverage terminates because the Dependent child no longer meets the “Special Eligibility Criteria”, except that notice is not required when the Dependent child turns 30 or has a dependent of his own; and
- before any open enrollment period; and
- immediately following 5/12/2006, for the subsequent 12 months.

Continuation of coverage under this section will end on the earliest of the following dates:

- the date ending the period for which premium has been paid for the Dependent child continuant, subject to the Grace Period for such payment; or
- the date the Group ceases to provide coverage to the Covered Person, who is the Dependent child’s parent; or
- the date the Plan under which the Dependent child continuing coverage is amended to delete coverage for Dependents; or
- the date the Dependent child ceases to continue to meet any of the “Special Eligibility Criteria” requirements; or
- the date the Dependent child’s parent who is covered as an Employee under this Plan waives Dependent coverage. Except, if the Employee has no other Dependents, the Dependent child continuant’s coverage will not end as a result of the Employee waiving Dependent coverage.

## Rescissions

Your coverage may not be rescinded (retroactively terminated) by Cigna or the plan sponsor unless the plan sponsor or an individual (or a person seeking coverage on behalf of the individual) performs an act, practice or omission that constitutes fraud; or the plan sponsor or individual (or a person seeking coverage on behalf of the individual) makes an intentional misrepresentation of material fact.

## Medical Benefits Extension Upon Policy Cancellation

If the Medical Benefits under this plan cease for you or your Dependent due to cancellation of the policy, and you are or you Dependent is Totally Disabled on that date due to an Injury or Sickness, Medical Benefits will be paid for Covered Expenses incurred in connection with that Injury or Sickness. However, no benefits will be paid after the earliest of:

- the date you exceed the Maximum Benefit, if any, shown in the Schedule;
- the date you are covered for medical benefits under another group policy;
- the date you are no longer Totally Disabled (but only if benefits for that disabling condition are being paid for you under the replacing policy);
- 12 months from the date your Medical Benefits cease; or
- 12 months from the date the policy is canceled.

### Totally Disabled

You will be considered Totally Disabled if, because of an Injury or a Sickness:

- you are unable to perform the basic duties of your occupation; and
- you are not performing any other work or engaging in any other occupation for wage or profit.

Your Dependent will be considered Totally Disabled if, because of an Injury or a Sickness:

- he is unable to engage in the normal activities of a person of the same age, sex and ability; or
- in the case of a Dependent who normally works for wage or profit, he is not performing such work.

**Please Note:** The terms of this Medical Benefits Extension will not apply to a child born as a result of a pregnancy which exists when you or your Dependent's Medical Benefits cease.

## Qualified Medical Child Support Order (QMCSO)

### Eligibility for Coverage Under a QMCSO

If a Qualified Medical Child Support Order (QMCSO) is issued for your child, that child will be eligible for coverage as required by the order and you will not be considered a Late Entrant for Dependent Insurance.

You must notify your Employer and elect coverage for that child, and yourself if you are not already enrolled, within 31 days of the QMCSO being issued.

### Qualified Medical Child Support Order Defined

A Qualified Medical Child Support Order is a judgment, decree or order (including approval of a settlement agreement) or administrative notice, which is issued pursuant to a state domestic relations law (including a community property law), or to an administrative process, which provides for child support or provides for health benefit coverage to such child and relates to benefits under the group health plan, and satisfies all of the following:

- the order recognizes or creates a child's right to receive group health benefits for which a participant or beneficiary is eligible;
- the order specifies your name and last known address, and the child's name and last known address, except that the name and address of an official of a state or political

subdivision may be substituted for the child's mailing address;

- the order provides a description of the coverage to be provided, or the manner in which the type of coverage is to be determined;
- the order states the period to which it applies; and
- if the order is a National Medical Support Notice completed in accordance with the Child Support Performance and Incentive Act of 1998, such Notice meets the requirements above.

The QMCSO may not require the health insurance policy to provide coverage for any type or form of benefit or option not otherwise provided under the policy, except that an order may require a plan to comply with State laws regarding health care coverage.

#### **Payment of Benefits**

Any payment of benefits in reimbursement for Covered Expenses paid by the child, or the child's custodial parent or legal guardian, shall be made to the child, the child's custodial parent or legal guardian, or a state official whose name and address have been substituted for the name and address of the child.

### **Special Enrollment Rights Under the Health Insurance Portability & Accountability Act (HIPAA)**

If you or your eligible Dependent(s) experience a special enrollment event as described below, you or your eligible Dependent(s) may be entitled to enroll in the Plan outside of a designated enrollment period upon the occurrence of one of the special enrollment events listed below. If you are already enrolled in the Plan, you may request enrollment for you and your eligible Dependent(s) under a different option offered by the Employer for which you are currently eligible. If you are not already enrolled in the Plan, you must request special enrollment for yourself in addition to your eligible Dependent(s). You and all of your eligible Dependent(s) must be covered under the same option. The special enrollment events include:

- **Acquiring a new Dependent.** If you acquire a new Dependent(s) through marriage, birth, adoption or placement for adoption, you may request special enrollment for any of the following combinations of individuals if not already enrolled in the Plan: Employee only; spouse only; Employee and spouse; Dependent child(ren) only; Employee and Dependent child(ren); Employee, spouse and

Dependent child(ren). Enrollment of Dependent children is limited to the newborn or adopted children or children who became Dependent children of the Employee due to marriage.

- **Loss of eligibility for State Medicaid or Children's Health Insurance Program (CHIP).** If you and/or your Dependent(s) were covered under a state Medicaid or CHIP plan and the coverage is terminated due to a loss of eligibility, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after termination of Medicaid or CHIP coverage.
- **Loss of eligibility for other coverage (excluding continuation coverage).** If coverage was declined under this Plan due to coverage under another plan, and eligibility for the other coverage is lost, you and all of your eligible Dependent(s) may request special enrollment in this Plan. If required by the Plan, when enrollment in this Plan was previously declined, it must have been declined in writing with a statement that the reason for declining enrollment was due to other health coverage. This provision applies to loss of eligibility as a result of any of the following:
  - divorce or legal separation;
  - cessation of Dependent status (such as reaching the limiting age);
  - death of the Employee;
  - termination of employment;
  - reduction in work hours to below the minimum required for eligibility;
  - you or your Dependent(s) no longer reside, live or work in the other plan's network service area and no other coverage is available under the other plan;
  - you or your Dependent(s) incur a claim which meets or exceeds the lifetime maximum limit that is applicable to all benefits offered under the other plan; or
  - the other plan no longer offers any benefits to a class of similarly situated individuals.
- **Termination of Employer contributions (excluding continuation coverage).** If a current or former Employer ceases all contributions toward the Employee's or Dependent's other coverage, special enrollment may be requested in this Plan for you and all of your eligible Dependent(s).
- **Exhaustion of COBRA or other continuation coverage.** Special enrollment may be requested in this Plan for you and all of your eligible Dependent(s) upon exhaustion of COBRA or other continuation coverage. If you or your Dependent(s) elect COBRA or other continuation coverage following loss of coverage under another plan, the COBRA or other continuation coverage must be exhausted before

any special enrollment rights exist under this Plan. An individual is considered to have exhausted COBRA or other continuation coverage only if such coverage ceases: due to failure of the Employer or other responsible entity to remit premiums on a timely basis; when the person no longer resides or works in the other plan's service area and there is no other COBRA or continuation coverage available under the plan; or when the individual incurs a claim that would meet or exceed a lifetime maximum limit on all benefits and there is no other COBRA or other continuation coverage available to the individual. This does not include termination of an Employer's limited period of contributions toward COBRA or other continuation coverage as provided under any severance or other agreement.

- **Eligibility for employment assistance under State Medicaid or Children's Health Insurance Program (CHIP).** If you and/or your Dependent(s) become eligible for assistance with group health plan premium payments under a state Medicaid or CHIP plan, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after the date you are determined to be eligible for assistance.

**Except as stated above, special enrollment must be requested within 30 days after the occurrence of the special enrollment event. If the special enrollment event is the birth or adoption of a Dependent child, coverage will be effective immediately on the date of birth, adoption or placement for adoption. Coverage with regard to any other special enrollment event will be effective no later than the first day of the first calendar month following receipt of the request for special enrollment.**

Domestic Partners and their children (if not legal children of the Employee) are not eligible for special enrollment.

## **Effect of Section 125 Tax Regulations on This Plan**

Your Employer has chosen to administer this Plan in accordance with Section 125 regulations of the Internal Revenue Code. Per this regulation, you may agree to a pretax salary reduction put toward the cost of your benefits. Otherwise, you will receive your taxable earnings as cash (salary).

### **A. Coverage elections**

Per Section 125 regulations, you are generally allowed to enroll for or change coverage only before each annual benefit period. However, exceptions are allowed:

- if you meet Special Enrollment criteria and enroll as described in the Special Enrollment section; or
- if your Employer agrees, and you meet the criteria shown in the following Sections B through H and enroll for or change coverage within the time period established by your Employer.

### **B. Change of status**

A change in status is defined as:

- change in legal marital status due to marriage, death of a spouse, divorce, annulment or legal separation;
- change in number of Dependents due to birth, adoption, placement for adoption, or death of a Dependent;
- change in employment status of Employee, spouse or Dependent due to termination or start of employment, strike, lockout, beginning or end of unpaid leave of absence, including under the Family and Medical Leave Act (FMLA), or change in worksite;
- changes in employment status of Employee, spouse or Dependent resulting in eligibility or ineligibility for coverage;
- change in residence of Employee, spouse or Dependent to a location outside of the Employer's network service area; and
- changes which cause a Dependent to become eligible or ineligible for coverage.

### **C. Court order**

A change in coverage due to and consistent with a court order of the Employee or other person to cover a Dependent.

### **D. Medicare or Medicaid eligibility/entitlement**

The Employee, spouse or Dependent cancels or reduces coverage due to entitlement to Medicare or Medicaid, or enrolls or increases coverage due to loss of Medicare or Medicaid eligibility.

### **E. Change in cost of coverage**

If the cost of benefits increases or decreases during a benefit period, your Employer may, in accordance with plan terms, automatically change your elective contribution.

When the change in cost is significant, you may either increase your contribution or elect less-costly coverage. When a significant overall reduction is made to the benefit option you have elected, you may elect another available benefit option. When a new benefit option is added, you may change your election to the new benefit option.

## **F. Changes in coverage of spouse or Dependent under another employer's plan**

You may make a coverage election change if the plan of your spouse or Dependent: incurs a change such as adding or deleting a benefit option; allows election changes due to Special Enrollment, Change in Status, Court Order or Medicare or Medicaid Eligibility/Entitlement; or this Plan and the other plan have different periods of coverage or open enrollment periods.

## **G. Reduction in work hours**

If an Employee's work hours are reduced below 30 hours/week (even if it does not result in the Employee losing eligibility for the Employer's coverage); and the Employee (and family) intend to enroll in another plan that provides Minimum Essential Coverage (MEC). The new coverage must be effective no later than the 1st day of the 2nd month following the month that includes the date the original coverage is revoked.

## **H. Enrollment in a Qualified Health Plan (QHP)**

The Employee must be eligible for a Special Enrollment Period to enroll in a QHP through a Marketplace or the Employee wants to enroll in a QHP through a Marketplace during the Marketplace's annual open enrollment period; and the disenrollment from the group plan corresponds to the intended enrollment of the Employee (and family) in a QHP through a Marketplace for new coverage effective beginning no later than the day immediately following the last day of the original coverage.

## **Eligibility for Coverage for Adopted Children**

Any child who is adopted by you, including a child who is placed with you for adoption, will be eligible for Dependent Insurance, if otherwise eligible as a Dependent, upon the date of placement with you. A child will be considered placed for adoption when you become legally obligated to support that child, totally or partially, prior to that child's adoption.

If a child placed for adoption is not adopted, all health coverage ceases when the placement ends, and will not be continued.

The provisions in the "Exception for Newborns" section of this document that describe requirements for enrollment and effective date of insurance will also apply to an adopted child or a child placed with you for adoption.

HC-FED67

## **Coverage for Maternity Hospital Stay**

Group health plans and health insurance issuers offering group health insurance coverage generally may not, under a federal law known as the "Newborns' and Mothers' Health Protection Act": restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section; or require that a provider obtain authorization from the plan or insurance issuer for prescribing a length of stay not in excess of the above periods. The law generally does not prohibit an attending provider of the mother or newborn, in consultation with the mother, from discharging the mother or newborn earlier than 48 or 96 hours, as applicable.

## **Requirements of Family and Medical Leave Act of 1993 (as amended) (FMLA)**

Any provisions of the policy that provide for: continuation of insurance during a leave of absence; and reinstatement of

insurance following a return to Active Service; are modified by the following provisions of the federal Family and Medical Leave Act of 1993, as amended, where applicable:

#### **Continuation of Health Insurance During Leave**

Your health insurance will be continued during a leave of absence if:

- that leave qualifies as a leave of absence under the Family and Medical Leave Act of 1993, as amended; and
- you are an eligible Employee under the terms of that Act.

The cost of your health insurance during such leave must be paid, whether entirely by your Employer or in part by you and your Employer.

#### **Reinstatement of Canceled Insurance Following Leave**

Upon your return to Active Service following a leave of absence that qualifies under the Family and Medical Leave Act of 1993, as amended, any canceled insurance (health, life or disability) will be reinstated as of the date of your return.

You will not be required to satisfy any eligibility or benefit waiting period to the extent that they had been satisfied prior to the start of such leave of absence.

Your Employer will give you detailed information about the Family and Medical Leave Act of 1993, as amended.

HC-FED93

10-17

### **Uniformed Services Employment and Re-Employment Rights Act of 1994 (USERRA)**

The Uniformed Services Employment and Re-employment Rights Act of 1994 (USERRA) sets requirements for continuation of health coverage and re-employment in regard to an Employee's military leave of absence. These requirements apply to medical and dental coverage for you and your Dependents. They do not apply to any Life, Short-term or Long-term Disability or Accidental Death & Dismemberment coverage you may have.

#### **Continuation of Coverage**

For leaves of less than 31 days, coverage will continue as described in the Termination section regarding Leave of Absence.

For leaves of 31 days or more, you may continue coverage for yourself and your Dependents as follows:

You may continue benefits by paying the required premium to your Employer, until the earliest of the following:

- 24 months from the last day of employment with the Employer;
- the day after you fail to return to work; and

- the date the policy cancels.

Your Employer may charge you and your Dependents up to 102% of the total premium.

#### **Reinstatement of Benefits (applicable to all coverages)**

If your coverage ends during the leave of absence because you do not elect USERRA at the expiration of USERRA and you are reemployed by your current Employer, coverage for you and your Dependents may be reinstated if you gave your Employer advance written or verbal notice of your military service leave, and the duration of all military leaves while you are employed with your current Employer does not exceed 5 years.

You and your Dependents will be subject to only the balance of a waiting period that was not yet satisfied before the leave began. However, if an Injury or Sickness occurs or is aggravated during the military leave, full Plan limitations will apply.

If your coverage under this plan terminates as a result of your eligibility for military medical and dental coverage and your order to active duty is canceled before your active duty service commences, these reinstatement rights will continue to apply.

HC-FED18

### **Claim Determination Procedures under ERISA**

**The following complies with federal law. Provisions of applicable laws of your state may supersede.**

#### **Procedures Regarding Medical Necessity Determinations**

In general, health services and benefits must be Medically Necessary to be covered under the plan. The procedures for determining Medical Necessity vary, according to the type of service or benefit requested, and the type of health plan. Medical Necessity determinations are made on a preservice, concurrent, or postservice basis, as described below:

Certain services require prior authorization in order to be covered. The Certificate describes who is responsible for obtaining this review. You or your authorized representative (typically, your health care professional) must request prior authorization according to the procedures described below, in the Certificate, and in your provider's network participation documents as applicable.

When services or benefits are determined to be not covered, you or your representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the Certificate, in your provider's network participation documents as applicable, and in the determination notices.

**Preservice Determinations**

When you or your representative requests a required prior authorization, Cigna will notify you or your representative of the determination within 15 days after receiving the request. However, if more time is needed due to matters beyond Cigna's control, Cigna will notify you or your representative within 15 days after receiving your request. This notice will include the date a determination can be expected, which will be no more than 30 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

If the determination periods above would seriously jeopardize your life or health, your ability to regain maximum function, or in the opinion of a health care professional with knowledge of your health condition, cause you severe pain which cannot be managed without the requested services, Cigna will make the preservice determination on an expedited basis. Cigna will defer to the determination of the treating health care professional regarding whether an expedited determination is necessary. Cigna will notify you or your representative of an expedited determination within 72 hours after receiving the request.

However, if necessary information is missing from the request, Cigna will notify you or your representative within 24 hours after receiving the request to specify what information is needed. You or your representative must provide the specified information to Cigna within 48 hours after receiving the notice. Cigna will notify you or your representative of the expedited benefit determination within 48 hours after you or your representative responds to the notice. Expedited determinations may be provided orally, followed within 3 days by written or electronic notification.

If you or your representative fails to follow Cigna's procedures for requesting a required preservice determination, Cigna will notify you or your representative of the failure and describe the proper procedures for filing within 5 days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless you or your representative requests written notification.

**Concurrent Determinations**

When an ongoing course of treatment has been approved for you and you wish to extend the approval, you or your representative must request a required concurrent coverage determination at least 24 hours prior to the expiration of the approved period of time or number of treatments. When you

or your representative requests such a determination, Cigna will notify you or your representative of the determination within 24 hours after receiving the request.

**Postservice Determinations**

When you or your representative requests a coverage determination or a claim payment determination after services have been rendered, Cigna will notify you or your representative of the determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond Cigna's control, Cigna will notify you or your representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

## Notice of Adverse Determination

Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of the following that pertain to the determination: information sufficient to identify the claim including, if applicable, the date of service, provider and claim amount; diagnosis and treatment codes, and their meanings; the specific reason or reasons for the adverse determination including, if applicable, the denial code and its meaning and a description of any standard that was used in the denial; reference to the specific plan provisions on which the determination is based; a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary; a description of the plan's review procedures and the time limits applicable, including a statement of a claimant's rights to bring a civil action under section 502(a) of ERISA following an adverse benefit determination on appeal, (if applicable); upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your claim; and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; a description of any available internal appeal and/or external review process(es); information about any office of health insurance consumer assistance or ombudsman available to assist you with the appeal process; and in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.

## COBRA Continuation Rights Under Federal Law

### For You and Your Dependents

#### What is COBRA Continuation Coverage?

Under federal law, you and/or your Dependents must be given the opportunity to continue health insurance when there is a "qualifying event" that would result in loss of coverage under the Plan. You and/or your Dependents will be permitted to continue the same coverage under which you or your Dependents were covered on the day before the qualifying event occurred, unless you move out of that plan's coverage area or the plan is no longer available. You and/or your Dependents cannot change coverage options until the next open enrollment period.

#### When is COBRA Continuation Available?

For you and your Dependents, COBRA continuation is available for up to 18 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your termination of employment for any reason, other than gross misconduct; or
- your reduction in work hours.

For your Dependents, COBRA continuation coverage is available for up to 36 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your death;
- your divorce or legal separation; or
- for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

#### Who is Entitled to COBRA Continuation?

Only a "qualified beneficiary" (as defined by federal law) may elect to continue health insurance coverage. A qualified beneficiary may include the following individuals who were covered by the Plan on the day the qualifying event occurred: you, your spouse, and your Dependent children. Each qualified beneficiary has their own right to elect or decline COBRA continuation coverage even if you decline or are not eligible for COBRA continuation.

The following individuals are not qualified beneficiaries for purposes of COBRA continuation: domestic partners, grandchildren (unless adopted by you), stepchildren (unless adopted by you). Although these individuals do not have an independent right to elect COBRA continuation coverage, if you elect COBRA continuation coverage for yourself, you may also cover your Dependents even if they are not considered qualified beneficiaries under COBRA. However, such individuals' coverage will terminate when your COBRA continuation coverage terminates. The sections titled "Secondary Qualifying Events" and "Medicare Extension For Your Dependents" are not applicable to these individuals.

#### Secondary Qualifying Events

If, as a result of your termination of employment or reduction in work hours, your Dependent(s) have elected COBRA continuation coverage and one or more Dependents experience another COBRA qualifying event, the affected Dependent(s) may elect to extend their COBRA continuation coverage for an additional 18 months (7 months if the secondary event occurs within the disability extension period) for a maximum of 36 months from the initial qualifying event. The second qualifying event must occur before the end of the initial 18 months of COBRA continuation coverage or within the disability extension period discussed below. Under no circumstances will COBRA continuation coverage be

available for more than 36 months from the initial qualifying event. Secondary qualifying events are: your death; your divorce or legal separation; or, for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

### **Disability Extension**

If, after electing COBRA continuation coverage due to your termination of employment or reduction in work hours, you or one of your Dependents is determined by the Social Security Administration (SSA) to be totally disabled under Title II or XVI of the SSA, you and all of your Dependents who have elected COBRA continuation coverage may extend such continuation for an additional 11 months, for a maximum of 29 months from the initial qualifying event.

To qualify for the disability extension, all of the following requirements must be satisfied:

- SSA must determine that the disability occurred prior to or within 60 days after the disabled individual elected COBRA continuation coverage; and
- A copy of the written SSA determination must be provided to the Plan Administrator within 60 calendar days after the date the SSA determination is made AND before the end of the initial 18-month continuation period.

If the SSA later determines that the individual is no longer disabled, you must notify the Plan Administrator within 30 days after the date the final determination is made by SSA. The 11-month disability extension will terminate for all covered persons on the first day of the month that is more than 30 days after the date the SSA makes a final determination that the disabled individual is no longer disabled.

All causes for “Termination of COBRA Continuation” listed below will also apply to the period of disability extension.

### **Medicare Extension for Your Dependents**

When the qualifying event is your termination of employment or reduction in work hours and you became enrolled in Medicare (Part A, Part B or both) within the 18 months before the qualifying event, COBRA continuation coverage for your Dependents will last for up to 36 months after the date you became enrolled in Medicare. Your COBRA continuation coverage will last for up to 18 months from the date of your termination of employment or reduction in work hours.

### **Termination of COBRA Continuation**

COBRA continuation coverage will be terminated upon the occurrence of any of the following:

- the end of the COBRA continuation period of 18, 29 or 36 months, as applicable;
- failure to pay the required premium within 30 calendar days after the due date;
- cancellation of the Employer’s policy with Cigna;

- after electing COBRA continuation coverage, a qualified beneficiary enrolls in Medicare (Part A, Part B, or both);
- after electing COBRA continuation coverage, a qualified beneficiary becomes covered under another group health plan, unless the qualified beneficiary has a condition for which the new plan limits or excludes coverage under a pre-existing condition provision. In such case coverage will continue until the earliest of: the end of the applicable maximum period; the date the pre-existing condition provision is no longer applicable; or the occurrence of an event described in one of the first three bullets above;
- any reason the Plan would terminate coverage of a participant or beneficiary who is not receiving continuation coverage (e.g., fraud).

### **Moving Out of Employer’s Service Area or Elimination of a Service Area**

If you and/or your Dependents move out of the Employer’s service area or the Employer eliminates a service area in your location, your COBRA continuation coverage under the plan will be limited to out-of-network coverage only. In-network coverage is not available outside of the Employer’s service area. If the Employer offers another benefit option through Cigna or another carrier which can provide coverage in your location, you may elect COBRA continuation coverage under that option.

### **Employer’s Notification Requirements**

Your Employer is required to provide you and/or your Dependents with the following notices:

- An initial notification of COBRA continuation rights must be provided within 90 days after your (or your spouse’s) coverage under the Plan begins (or the Plan first becomes subject to COBRA continuation requirements, if later). If you and/or your Dependents experience a qualifying event before the end of that 90-day period, the initial notice must be provided within the time frame required for the COBRA continuation coverage election notice as explained below.
- A COBRA continuation coverage election notice must be provided to you and/or your Dependents within the following timeframes:
  - if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the loss of coverage, 44 days after loss of coverage under the Plan;
  - if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the occurrence of a qualifying event, 44 days after the qualifying event occurs; or

- in the case of a multi-employer plan, no later than 14 days after the end of the period in which Employers must provide notice of a qualifying event to the Plan Administrator.

### **How to Elect COBRA Continuation Coverage**

The COBRA coverage election notice will list the individuals who are eligible for COBRA continuation coverage and inform you of the applicable premium. The notice will also include instructions for electing COBRA continuation coverage. You must notify the Plan Administrator of your election no later than the due date stated on the COBRA election notice. If a written election notice is required, it must be post-marked no later than the due date stated on the COBRA election notice. If you do not make proper notification by the due date shown on the notice, you and your Dependents will lose the right to elect COBRA continuation coverage. If you reject COBRA continuation coverage before the due date, you may change your mind as long as you furnish a completed election form before the due date.

Each qualified beneficiary has an independent right to elect COBRA continuation coverage. Continuation coverage may be elected for only one, several, or for all Dependents who are qualified beneficiaries. Parents may elect to continue coverage on behalf of their Dependent children. You or your spouse may elect continuation coverage on behalf of all the qualified beneficiaries. You are not required to elect COBRA continuation coverage in order for your Dependents to elect COBRA continuation.

### **How Much Does COBRA Continuation Coverage Cost?**

Each qualified beneficiary may be required to pay the entire cost of continuation coverage. The amount may not exceed 102% of the cost to the group health plan (including both Employer and Employee contributions) for coverage of a similarly situated active Employee or family member. The premium during the 11-month disability extension may not exceed 150% of the cost to the group health plan (including both employer and employee contributions) for coverage of a similarly situated active Employee or family member.

For example: If the Employee alone elects COBRA continuation coverage, the Employee will be charged 102% (or 150%) of the active Employee premium. If the spouse or one Dependent child alone elects COBRA continuation coverage, they will be charged 102% (or 150%) of the active Employee premium. If more than one qualified beneficiary elects COBRA continuation coverage, they will be charged 102% (or 150%) of the applicable family premium.

### **When and How to Pay COBRA Premiums**

#### *First payment for COBRA continuation*

If you elect COBRA continuation coverage, you do not have to send any payment with the election form. However, you must make your first payment no later than 45 calendar days

after the date of your election. (This is the date the Election Notice is postmarked, if mailed.) If you do not make your first payment within that 45 days, you will lose all COBRA continuation rights under the Plan.

#### *Subsequent payments*

After you make your first payment for COBRA continuation coverage, you will be required to make subsequent payments of the required premium for each additional month of coverage. Payment is due on the first day of each month. If you make a payment on or before its due date, your coverage under the Plan will continue for that coverage period without any break.

#### *Grace periods for subsequent payments*

Although subsequent payments are due by the first day of the month, you will be given a grace period of 30 days after the first day of the coverage period to make each monthly payment. Your COBRA continuation coverage will be provided for each coverage period as long as payment for that coverage period is made before the end of the grace period for that payment. However, if your payment is received after the due date, your coverage under the Plan may be suspended during this time. Any providers who contact the Plan to confirm coverage during this time may be informed that coverage has been suspended. If payment is received before the end of the grace period, your coverage will be reinstated back to the beginning of the coverage period. This means that any claim you submit for benefits while your coverage is suspended may be denied and may have to be resubmitted once your coverage is reinstated. If you fail to make a payment before the end of the grace period for that coverage period, you will lose all rights to COBRA continuation coverage under the Plan.

### **You Must Give Notice of Certain Qualifying Events**

If you or your Dependent(s) experience one of the following qualifying events, you must notify the Plan Administrator within 60 calendar days after the later of the date the qualifying event occurs or the date coverage would cease as a result of the qualifying event:

- Your divorce or legal separation; or
- Your child ceases to qualify as a Dependent under the Plan.
- The occurrence of a secondary qualifying event as discussed under “Secondary Qualifying Events” above (this notice must be received prior to the end of the initial 18- or 29-month COBRA period).

(Also refer to the section titled “Disability Extension” for additional notice requirements.)

Notice must be made in writing and must include: the name of the Plan, name and address of the Employee covered under the Plan, name and address(es) of the qualified beneficiaries affected by the qualifying event; the qualifying event; the date

the qualifying event occurred; and supporting documentation (e.g., divorce decree, birth certificate, disability determination, etc.).

### **Newly Acquired Dependents**

If you acquire a new Dependent through marriage, birth, adoption or placement for adoption while your coverage is being continued, you may cover such Dependent under your COBRA continuation coverage. However, only your newborn or adopted Dependent child is a qualified beneficiary and may continue COBRA continuation coverage for the remainder of the coverage period following your early termination of COBRA coverage or due to a secondary qualifying event. COBRA coverage for your Dependent spouse and any Dependent children who are not your children (e.g., stepchildren or grandchildren) will cease on the date your COBRA coverage ceases and they are not eligible for a secondary qualifying event.

### **COBRA Continuation for Retirees Following Employer's Bankruptcy**

If you are covered as a retiree, and a proceeding in bankruptcy is filed with respect to the Employer under Title 11 of the United States Code, you may be entitled to COBRA continuation coverage. If the bankruptcy results in a loss of coverage for you, your Dependents or your surviving spouse within one year before or after such proceeding, you and your covered Dependents will become COBRA qualified beneficiaries with respect to the bankruptcy. You will be entitled to COBRA continuation coverage until your death. Your surviving spouse and covered Dependent children will be entitled to COBRA continuation coverage for up to 36 months following your death. However, COBRA continuation coverage will cease upon the occurrence of any of the events listed under "Termination of COBRA Continuation" above.

### **Interaction With Other Continuation Benefits**

You may be eligible for other continuation benefits under state law. Refer to the Termination section for any other continuation benefits.

## **Clinical Trials**

This benefit plan covers routine patient care costs related to a qualified clinical trial for an individual who meets the following requirements:

- (a) is eligible to participate in an approved clinical trial according to the trial protocol with respect to treatment of cancer or other life-threatening disease or condition; and

(b) either

- the referring health care professional is a participating health care provider and has concluded that the individual's participation in such trial would be appropriate based upon the individual meeting the conditions described in paragraph (a); or
- the individual provides medical and scientific information establishing that the individual's participation in such trial would be appropriate based upon the individual meeting the conditions described in paragraph (a).

For purposes of clinical trials, the term "life-threatening disease or condition" means any disease or condition from which the likelihood of death is probable unless the course of the disease or condition is interrupted.

The clinical trial must meet the following requirements:

The study or investigation must:

- be approved or funded by any of the agencies or entities authorized by federal law to conduct clinical trials;
- be conducted under an investigational new drug application reviewed by the Food and Drug Administration; or
- involve a drug trial that is exempt from having such an investigational new drug application.

Routine patient care costs are costs associated with the provision of health care items and services including drugs, items, devices and services otherwise covered by this benefit plan for an individual who is not enrolled in a clinical trial and, in addition:

- services required solely for the provision of the investigational drug, item, device or service;
- services required for the clinically appropriate monitoring of the investigational drug, device, item or service;
- services provided for the prevention of complications arising from the provision of the investigational drug, device, item or service; and
- reasonable and necessary care arising from the provision of the investigational drug, device, item or service, including the diagnosis or treatment of complications.

Routine patient care costs do not include:

- the investigational drug, device, item, or service, itself; or
- items and services that are provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient.

Clinical trials conducted by non-participating providers will be covered at the In-Network benefit level if:

- there are not In-Network providers participating in the clinical trial that are willing to accept the individual as a patient, or

- the clinical trial is conducted outside the individual's state of residence.

The name, address, ZIP code and business telephone number of the Plan Administrator is:

Employer named above

The name, address and ZIP code of the person designated as agent for service of legal process is:

Employer named above

The office designated to consider the appeal of denied claims is:

The Cigna Claim Office responsible for this Plan

The cost of the Plan is shared by Employee and Employer.

The Plan's fiscal year ends on 12/31.

The preceding pages set forth the eligibility requirements and benefits provided for you under this Plan.

### Plan Trustees

A list of any Trustees of the Plan, which includes name, title and address, is available upon request to the Plan Administrator.

### Plan Type

The plan is a healthcare benefit plan.

### Collective Bargaining Agreements

You may contact the Plan Administrator to determine whether the Plan is maintained pursuant to one or more collective bargaining agreements and if a particular Employer is a sponsor. A copy is available for examination from the Plan Administrator upon written request.

### Discretionary Authority

The Plan Administrator delegates to Cigna the discretionary authority to interpret and apply plan terms and to make factual determinations in connection with its review of claims under the plan. Such discretionary authority is intended to include, but not limited to, the determination of the eligibility of persons desiring to enroll in or claim benefits under the plan, the determination of whether a person is entitled to benefits under the plan, and the computation of any and all benefit payments. The Plan Administrator also delegates to Cigna the discretionary authority to perform a full and fair review, as required by ERISA, of each claim denial which has been appealed by the claimant or his duly authorized representative.

### Plan Modification, Amendment and Termination

The Employer as Plan Sponsor reserves the right to, at any time, change or terminate benefits under the Plan, to change or terminate the eligibility of classes of employees to be covered by the Plan, to amend or eliminate any other plan term or condition, and to terminate the whole plan or any part of it. Contact the Employer for the procedure by which benefits may be changed or terminated, by which the eligibility of classes of employees may be changed or terminated, or by which part or all of the Plan may be terminated. No consent of any participant is required to terminate, modify, amend or change the Plan.

Termination of the Plan together with termination of the insurance policy(s) which funds the Plan benefits will have no adverse effect on any benefits to be paid under the policy(s) for any covered medical expenses incurred prior to the date that policy(s) terminates. Likewise, any extension of benefits under the policy(s) due to you or your Dependent's total disability which began prior to and has continued beyond the date the policy(s) terminates will not be affected by the Plan termination. Rights to purchase limited amounts of life and medical insurance to replace part of the benefits lost because the policy(s) terminated may arise under the terms of the policy(s). A subsequent Plan termination will not affect the extension of benefits and rights under the policy(s).

Your coverage under the Plan's insurance policy(s) will end on the earliest of the following dates:

- the date you leave Active Service (or later as explained in the Termination Section;)
- the date you are no longer in an eligible class;
- if the Plan is contributory, the date you cease to contribute;
- the date the policy(s) terminates.

See your Plan Administrator to determine if any extension of benefits or rights are available to you or your Dependents under this policy(s). No extension of benefits or rights will be available solely because the Plan terminates.

## Statement of Rights

As a participant in the plan you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

### Receive Information About Your Plan and Benefits

- examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure room of the Employee Benefits Security Administration.
- obtain, upon written request to the Plan Administrator, copies of documents governing the Plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- receive a summary of the Plan's annual financial report. The Plan Administrator is required by law to furnish each person under the Plan with a copy of this summary financial report.

### Continue Group Health Plan Coverage

- continue health care coverage for yourself, your spouse or Dependents if there is a loss of coverage under the Plan as a result of a qualifying event. You or your Dependents may have to pay for such coverage. Review the documents governing the Plan on the rules governing your federal continuation coverage rights.

### Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people responsible for the operation of the employee benefit plan. The people who operate your plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA. If your claim for a welfare benefit is denied or ignored you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

### Enforce Your Rights

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of documents governing the plan or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the plan

administrator to provide the materials and pay you up to \$110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court.

In addition, if you disagree with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example if it finds your claim is frivolous.

### Assistance with Your Questions

If you have any questions about your plan, you should contact the plan administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

## Appointment of Authorized Representative

You may appoint an authorized representative to assist you in submitting a claim or appealing a claim denial. However,

Cigna may require you to designate your authorized representative in writing using a form approved by Cigna. At all times, the appointment of an authorized representative is revocable by you. To ensure that a prior appointment remains valid, Cigna may require you to re-appoint your authorized representative, from time to time.

Cigna reserves the right to refuse to honor the appointment of a representative if Cigna reasonably determines that:

- the signature on an authorized representative form may not be yours, or
- the authorized representative may not have disclosed to you all of the relevant facts and circumstances relating to the overpayment or underpayment of any claim, including, for example, that the billing practices of the provider of medical services may have jeopardized your coverage through the waiver of the cost-sharing amounts that you are required to pay under your plan.

If your designation of an authorized representative is revoked, or Cigna does not honor your designation, you may appoint a new authorized representative at any time, in writing, using a form approved by Cigna.

## When You Have a Concern or Complaint

For the purposes of this section, any reference to "you", "your" or "Member" also refers to a representative or provider designated by you to act on your behalf, unless otherwise noted and a "Physician reviewer" is a licensed Physician who is also a Medical Director or his or her designee who rendered the initial adverse determination.

We want you to be completely satisfied with the care you receive. That is why we have established a process for addressing your concerns and solving your problems.

### **Complaints and Administrative Appeals Regarding Contractual Benefits, Quality of Care and Services**

#### **Start with Customer Services**

We are here to listen and help. If you have a specific concern or complaint regarding a person, a service, the quality of care, choice of or access to providers, provider network adequacy or contractual benefits, or a rescission of coverage, you or your designated representative (including your treating provider) can call our toll-free number and explain your concern to one of our Customer Service representatives.

Customer Services Toll-Free Number that appears on your Benefit Identification card, explanation of benefits or claim form.

We will do our best to resolve the matter on your initial contact. If we need more time to review or investigate your concern, we will get back to you as soon as possible, but in any case within 30 calendar days.

If you are not satisfied with the results of a coverage decision, you can start the appeals procedure.

### **Administrative Appeals "Complaint" Procedure**

Cigna has a two-step appeals procedure for administrative coverage decisions and complaints. To initiate an administrative appeal, you must submit a request for an appeal in writing within 180 days of receipt of a denial notice, to the following address:

Cigna  
National Appeals Organization (NAO)  
P.O. Box 188011  
Chattanooga, TN 37422

You should state the reason why you feel your appeal should be approved and include any information supporting your appeal. If you are unable or choose not to write, you may ask to register your appeal by calling the toll-free number on your Benefit Identification card. If you choose to designate a representative to appeal on your behalf, including your provider, all correspondence related to your appeal will be sent to your designated representative and you. If you do not want such representative to pursue the appeal on your behalf, you must notify Cigna that you do not want this representative appealing this issue on your behalf.

### **Level One Appeal**

Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Expedited appeals will be considered by a Health Care Professional.

For level one appeals, we will acknowledge in writing that we have received your request within 10 business days and respond in writing with a decision within 30 calendar days after we receive an appeal for a post-service coverage determination or within 15 calendar days for a pre-service coverage determination. If more time or information is needed to make a pre-service determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

You may request that the appeal process be expedited if the time frames under this process would seriously jeopardize your life, health or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services; or your appeal involves non-authorization of an admission or continuing inpatient Hospital stay.

If you request that your appeal be expedited if the time frames under this process would seriously jeopardize your life, health

or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services, you may also ask for an expedited external independent review at the same time, if the time to complete an expedited level one appeal would be detrimental to your medical condition.

Cigna's Physician reviewer, in consultation with the treating Physician, will decide if an expedited appeal is necessary. When an appeal is expedited, we will respond with a decision within 72 hours.

### **Level Two Appeal**

If you are dissatisfied with our level one appeal decision, you may request a second review. To initiate a level two appeal, follow the same process required for a level one appeal, except that such a request must be submitted within 60 days from your receipt of a Level One Appeal decision.

Receipt of requests for a second review will be acknowledged in writing within 10 business days. Post-service requests will be completed within 30 calendar days, while most pre-service requests will be completed within 15 calendar days. If more time or information is needed to make a pre-service determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review. In the event any new or additional information (evidence) is considered, relied upon or generated by Cigna in connection with the level two appeal, Cigna will provide this information to you, **free of charge** as soon as possible and sufficiently in advance of a **final internal adverse determination**, so that you will have an opportunity to respond. Also, if any new or additional rationale is considered by Cigna, Cigna will provide the rationale to you as soon as possible and sufficiently in advance of the decisions so that you will have an opportunity to respond. You will be notified in writing of the decision.

You may request that the appeal process be expedited if the time frames under this process would seriously jeopardize your life, health or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services; or your appeal involves non-authorization of an admission or continuing inpatient Hospital stay. Cigna's Physician reviewer or your treating Physician will decide if an expedited appeal is necessary. When an appeal is expedited, we will respond with a decision within 72 hours.

### **Appeal to the State of New Jersey**

For appeals regarding a person, a service, the quality of care, choice of or access to providers, provider network adequacy, or the contractual benefits, if you remain dissatisfied after exhausting Cigna's Complaint and Appeal procedure, you may appeal to the State of New Jersey Department of Banking and Insurance at the following address and telephone number:

Consumer Protection Services  
New Jersey Department of Banking and Insurance  
20 West State Street, 9<sup>th</sup> Floor  
P.O. Box 329  
Trenton, NJ 08625-0329  
Fax: (609) 633-0807  
Telephone: 1-888-393-1062

You may also wish to access an online New Jersey complaint form at:

### **Appeals Regarding Adverse Benefit Determinations (including Medical Necessity and Utilization Review Determinations)**

#### **Initial Determination**

Cigna is responsible for making decisions about the appropriateness, Medical Necessity and efficiency of health care services provided to Members under this Certificate. All decisions to deny or limit coverage for an inpatient admission, a service, a procedure or an extension of inpatient stay, are made by a New Jersey-licensed Physician.

The health care determinations made by Cigna are directly communicated to the treating or requesting provider (including a provider acting on your behalf with your consent, if such provider is the requesting provider) on a timely basis appropriate to the Member's medical needs. Cigna will not reverse its initial determination of Medical Necessity or appropriateness unless misrepresented or fraudulent information was submitted to Cigna as part of the request for health care services.

You or your designated representative (including a provider acting on your behalf with your consent) may request a written notice of an initial determination made by Cigna, including an explanation of the adverse benefit determination process.

#### **Adverse Benefit Determination Appeals Procedure**

Cigna has a two-step procedure for coverage decisions. The procedure for appeal of adverse benefit determinations is described below (the above administrative appeal procedure is used where the adverse determination was based on eligibility, including rescission, or the application of a contract exclusion or limitation not related to Medical Necessity).

To initiate an adverse benefit determination appeal, you must submit a request for an appeal in writing within 180 days of receipt of a denial notice, to the following address:

Cigna  
National Appeals Organization (NAO)  
P.O. Box 188011  
Chattanooga, TN 37422

You should state the reason why you feel your appeal should be approved and include any information supporting your appeal. If you are unable or choose not to write, you may ask to register your appeal by calling the toll-free number on your Benefit Identification card. If you choose to designate a representative to appeal on your behalf, including your provider, all correspondence related to your appeal will be sent to your designated representative and you. If you do not want such representative to pursue the appeal on your behalf, you must notify Cigna that you do not want this representative appealing this issue on your behalf.

You have the right to receive any new or additional evidence or rationale we use to review your appeal, free of charge and sufficiently in advance of the date on which a notice of a level one or level two appeal determination is required, in order to give you a reasonable opportunity to respond prior to that date.

### **Level One Appeal**

You have the opportunity to speak with, and may request appeal review by, Cigna's Physician reviewer.

For level one appeals, we will respond in writing with a decision within 10 calendar days after we receive an appeal.

You may request that the appeal process be expedited if: the time frames under this process would seriously jeopardize your life, health or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services; your appeal involves non-authorization of an admission or continuing inpatient Hospital stay; or your appeal addresses a determination regarding urgent or emergency care.

If you request that your appeal be expedited if the time frames under this process would seriously jeopardize your life, health or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services, you may also ask for an expedited external independent review at the same time, if the time to complete an expedited level one appeal would be detrimental to your medical condition.

Cigna's Physician reviewer or your treating Physician will decide if an expedited appeal is necessary. When an appeal is expedited, we will respond with a decision within 72 hours.

### **Level Two Appeal**

If you are dissatisfied with our level one appeal decision, you may request a second review. To initiate a level two appeal,

follow the same process required for a level one appeal, except that such a request must be submitted within 60 days from your receipt of a Level One Appeal decision.

Most requests for a second review will be conducted by the Appeals Committee, which consists of at least one Physician reviewer and two other Physicians/Health Care Professionals. Anyone involved in the prior decision may not participate on the Appeals Committee. The committee will consult with at least one Physician in the same or similar specialty as the care under consideration, or another provider you request if agreed by Cigna's Physician reviewer. You may present your situation to the committee in person or by conference call.

For level two appeals we will acknowledge in writing that we have received your request within 10 business days and schedule a committee review. The committee review will be completed within 20 business days. In the event any new or additional information (evidence) is considered, relied upon or generated by Cigna in connection with the level two appeal, Cigna will provide this information to you **free of charge** as soon as possible and sufficiently in advance of a **final internal adverse determination**, so that you will have an opportunity to respond. Also, if any new or additional rationale is considered by Cigna, Cigna will provide the rationale to you as soon as possible and sufficiently in advance of the decisions so that you will have an opportunity to respond. You will be notified in writing of the Appeals Committee's decision.

You may request that the appeal process be expedited if: the time frames under this process would seriously jeopardize your life, health or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services; your appeal involves non-authorization of an admission, availability of care or continuing inpatient Hospital stay; or your appeal addresses a determination regarding urgent or emergency care services while you are not yet discharged from a facility. When an appeal is expedited, we will respond with a decision within 72 hours.

---

## **External Appeals of Utilization Management Determinations**

After exhausting Cigna's Medical Necessity Appeal procedure, if you remain dissatisfied with Cigna's health care determination, you may initiate a review by an Independent Utilization Review Organization (IURO) within four months from the receipt of Cigna's final written decision. To initiate a review, you or your provider, on your behalf, should complete the State of New Jersey IURO forms provided by Cigna's and mail the completed forms to:

Consumer Protection Services  
Office of Managed Care  
New Jersey Department of Banking and Insurance  
20 West State Street, 9<sup>th</sup> Floor  
P.O. Box 329  
Trenton, NJ 08625-0329  
(888) 393-1062

along with a check or money order for \$25 payable to the "New Jersey Department of Banking and Insurance" (this fee can be waived for financial hardship, cannot exceed \$75 for all appeals submitted annually, and will be refunded if the original adverse benefit determination is overturned). If a provider is appealing to the IURO on your behalf, the provider is responsible for paying your portion of the cost of the IURO appeal. Cigna will bear the remaining costs of the review.

You or your provider, on your behalf, may also request review of your appeal by the IURO if Cigna has missed any time frames associated with the processing of your adverse benefit determination appeal. If this is the case, you must certify to the IURO that you or your provider, on your behalf, did not hinder Cigna from making a timely determination by failing to provide the information required for Cigna to make its decision.

A review by the IURO may also be requested before exhaustion of the internal appeal process if we expressly waive our requirement of an internal review of any appeal, or if you have or your provider has applied for expedited external review at the same time as applying for an expedited internal appeal request. Expedited external review may be requested for any of the following: cases that involve care for an urgent or emergency case; an admission; availability of care; continued stay; health care services for which you've received emergency services but have not yet been discharged from a facility; or a medical condition for which the standard review time frame would seriously jeopardize your life or health or ability to regain maximum function.

Once the IURO communicates its decision, Cigna will respond within 10 business days to you (or the provider, on your behalf) the IURO and the Department of Banking and Insurance with a written report describing how Cigna will implement the IURO's decision or provide the report sooner if

the medical exigencies of the case warrant a more rapid response.

The External Appeals Program is a voluntary program. The decision of the IURO is binding on Cigna.

### **Appeal to the State of New Jersey**

You have the right to contact the New Jersey Department of Banking and Insurance for assistance at any time. The New Jersey Department of Banking and Insurance may be contacted at the following address and telephone number:

Consumer Protection Services  
New Jersey Department of Banking and Insurance  
20 West State Street, 9<sup>th</sup> Floor  
P.O. Box 329  
Trenton, NJ 08625-0329  
Telephone: 1-888-393-1062

### **Notice of Benefit Determination on Appeal**

Every notice of a determination on appeal will be provided in writing or electronically and, if an adverse determination, will include:

- information sufficient to identify the claim, and a statement describing the availability, upon request, of the diagnosis code and treatment code, and corresponding meaning of the code;
- the specific reason or reasons for the adverse determination, including the denial code and its corresponding meaning and the standard used for the denial;
- reference to the specific plan provisions on which the determination is based;
- a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other Relevant Information as defined;
- a statement describing:
  - the procedure to initiate the next level of appeal;
  - any voluntary appeal procedures offered by the plan; and
  - the claimant's right to bring an action under ERISA section 502(a).
- upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your appeal, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; and
- information about any office of health insurance consumer assistance or ombudsman available to assist you in the appeal process. A final notice of adverse determination will include a discussion of the decision.

You also have the right to bring a civil action under section 502(a) of ERISA if you are not satisfied with the Level Two Appeal decision (or with the Level One Appeal decision if expedited). You or your plan may have other voluntary alternative dispute resolution options such as Mediation. One way to find out what may be available is to contact your local U.S. Department of Labor office and your State insurance regulatory agency. You may also contact the Plan Administrator.

### Relevant Information

Relevant Information is any document, record, or other information which: was relied upon in making the benefit determination; was submitted, considered, or generated in the course of making the benefit determination, without regard to whether such document, record, or other information was relied upon in making the benefit determination; demonstrates compliance with the administrative processes and safeguards required by federal law in making the benefit determination; or constitutes a statement of policy or guidance with respect to the plan concerning the denied treatment option or benefit or the claimant's diagnosis, without regard to whether such advice or statement was relied upon in making the benefit determination.

### Legal Action Following Appeals

If your plan is governed by ERISA, you have the right to bring a civil action in federal court under section 502(a) of ERISA if you are not satisfied with the outcome of the Appeals Procedure. In most instances, you may not initiate a legal action against Cigna until you have completed the Level One and Level Two Appeal processes. If your Appeal is expedited, there is no need to complete the Level Two process prior to bringing legal action in federal court.

If your plan is governed by New Jersey P.L.2001, c.187 (2A:53A-30 et seq), you have the right to bring action in state court accordance with that statute. You must exhaust the Independent Health Care Appeals Program procedures created pursuant to section 11 of P.L.1997, c.192 (C26:2S-11), before filing an action in state court, unless serious or significant harm to the covered person has occurred or will imminently occur, before filing an action in state court for economic and non-economic loss that occurs as a result of Cigna's negligence with respect to the denial of or delay in approving or providing Medically Necessary covered services, which denial or delay is the proximate cause of a covered person's: death; serious and protracted or permanent impairment of a bodily function or system; loss of a body organ necessary for normal bodily function; loss of a body member; exacerbation of a serious or life-threatening disease or condition that results in serious or significant harm or requires substantial medical treatment; a physical condition resulting in chronic and significant pain; or substantial physical or mental harm which

resulted in further substantial medical treatment made Medically Necessary by the denial or delay of care.

## Custodial Services

Any services that are of a sheltering, protective, or safeguarding nature. Such services may include a stay in an institutional setting, at-home care, or nursing services to care for someone because of age or mental or physical condition. This service primarily helps the person in daily living. Custodial care also can provide medical services, given mainly

to maintain the person's current state of health. These services cannot be intended to greatly improve a medical condition; they are intended to provide care while the patient cannot care for himself or herself. Custodial Services include but are not limited to:

- Services related to watching or protecting a person;
- Services related to performing or assisting a person in performing any activities of daily living, such as: walking, grooming, bathing, dressing, getting in or out of bed, toileting, eating, preparing foods, or taking medications that can be self administered, and
- Services not required to be performed by trained or skilled medical or paramedical personnel.

## Dependent

Dependents are:

- your lawful spouse or civil union partner; and
- any child of yours who is:
  - less than 26 years old.
  - 26 or more years old, not married nor in a civil union partnership nor in a Domestic Partnership, and primarily supported by you and incapable of self-sustaining employment by reason of mental or physical disability which arose while the child was covered as a Dependent under this plan, or while covered as a Dependent under a prior plan with no break in coverage.

Proof of the child's condition and dependence may be required to be submitted to the plan within 31 days after the date the child ceases to qualify above. From time to time, but not more frequently than once a year, the plan may require proof of the continuation of such condition and dependence.

The term child means a child born to you or a child legally adopted by you. It also includes a stepchild or a child for whom you are the legal guardian. If your civil union partner has a child, that child will also be included as a Dependent.

Benefits for a Dependent child will continue until the last day of the calendar year in which the limiting age is reached.

Anyone who is eligible as an Employee will not be considered as a Dependent spouse. A child under age 26 who is eligible as an Employee and a Dependent child may be covered as either an Employee or as a Dependent child.

No one may be considered as a Dependent of more than one Employee.

## Maximum Reimbursable Charge – Medical

The Maximum Reimbursable Charge for covered services is determined based on the lesser of:

- the provider's normal charge for a similar service or supply; or
- a policyholder-selected percentage of a schedule developed by Cigna that is based upon a methodology similar to a methodology utilized by Medicare to determine the allowable fee for the same or similar service within the geographic market. (Cigna may apply a rate higher than the Medicare allowable rate.)

The percentage used to determine the Maximum Reimbursable Charge is listed in The Schedule.

In some cases, a Medicare based schedule will not be used and the Maximum Reimbursable Charge for:

- covered services for which Medicare has not established a rate; and
- the following covered services until such time as Cigna has implemented a Medicare-based schedule for them: Home Health Care, Skilled Nursing Facility, and inpatient rehabilitation.

In these situations the Maximum Reimbursable Charge is determined based on the lesser of:

- the provider's normal charge for a similar service or supply; or
- the 80th percentile of charges made by providers of such service or supply in the geographic area where it is received as compiled in a database selected by Cigna. If sufficient charge data is unavailable in the database for that

geographic area to determine the Maximum Reimbursable Charge, then data in the database for similar services may be used.

The Maximum Reimbursable Charge is subject to all other benefit limitations and applicable coding and payment methodologies determined by Cigna. Cigna has the discretion to make an initial interpretation as to the terms of the policy, but that such interpretation can be reversed by an internal utilization review organization, a court of law, arbiter or administrative agency having jurisdiction. Additional information about how Cigna determined the Maximum Reimbursable Charge is available upon request.

### Prescription Drug Charge

The amount Cigna charges to the Plan, including the applicable dispensing fee and any applicable sales tax and prior to application of any Deductible, Copayment or Coinsurance amounts, for a Prescription Drug Product dispensed at a Network Pharmacy. Cigna may pay a Network Pharmacy a different amount for a Prescription Drug Product than the Plan pays to Cigna. You are not entitled to the difference between the rate Cigna charges to the Plan and the rate Cigna pays to the Pharmacy for a Prescription Drug Product. For the purposes of Prescription Drug benefit payments, the “Plan” is the entity or business unit responsible for funding benefits in accordance with the terms and conditions outlined in this booklet/certificate.

HC-DFS1092

12-17

### Prescription Drug List

A list that categorizes drugs, Biologics (including Biosimilars) or other products covered under the plan's Prescription Drug Benefits that have been approved by the U.S. Food and Drug Administration (FDA) into coverage tiers. This list is developed by Cigna's Business Decision Team based on clinical factors communicated by the P&T Committee, and adopted by your Employer as part of the plan. The list is subject to periodic review and change, and is subject to the limitations and exclusions of the plan. You may determine to which tier a particular Prescription Drug Product has been assigned through the website shown on your ID card or by calling customer service at the telephone number on your ID card.

HC-DFS854

10-16

### Prescription Drug Product

A drug, Biologic (including a Biosimilar), or other product that has been approved by the U.S. Food and Drug Administration (FDA), certain products approved under the Drug Efficacy Study Implementation review, or products marketed prior to 1938 and not subject to review and that can, under federal or state law, be dispensed only pursuant to a Prescription Order or Refill. A Prescription Drug Product includes a drug, Biologic or product that, due to its characteristics, is approved by the FDA for self-administration or administration by a non-skilled caregiver. For the purpose of benefits under the plan, this definition also includes:

- The following diabetic supplies: alcohol pads, swabs, wipes, Glucagon/Glucagen, injection aids, insulin pump accessories (but excluding insulin pumps), needles including pen needles, syringes, test strips, lancets, urine glucose and ketone strips;
- Needles and syringes for self-administered medications or Biologics covered under the plan's Prescription Drug benefit; and
- Inhaler assistance devices and accessories, peak flow meters.

This definition does not include any charges for mobile, web-based or other electronic applications or software, even if approved for marketing as a prescription product by the FDA.

## Notice - Disclosures to Covered Persons Regarding Out-of-Network Treatment Rendered in New Jersey

This Notice is provided pursuant to applicable New Jersey law.

This Notice provides an overview of how a covered person's health benefit plan covers out-of-network treatment. It is only guidance to help a covered person understand their out-of-network benefits. This Notice does not alter coverage in any way.

The covered person should refer to their individual policy, group policy, certificate or evidence of coverage (if employer group plan), or summary of benefits and coverages for more information about out-of-network benefits and about coverages and costs for in-network treatment.

For additional information – including whether a health care professional or facility is in-network or out-of-network, examples of out-of-network costs and estimates for specific services – please contact Cigna at the phone number shown on your I.D. card or visit your coverage information at [www.mycigna.com](http://www.mycigna.com) or [www.cigna.com](http://www.cigna.com).

Medically Necessary Treatment on an emergency or urgent basis by Out-of-Network health care professionals/facilities	<p>Emergency – The plan covers out-of-network treatment for a medical condition manifesting itself by acute symptoms of sufficient severity including, but not limited to, severe pain; psychiatric disturbances and/or symptoms of substance use disorder such that a prudent layperson, who possesses an average knowledge of health and medicine, could expect the absence of immediate medical attention to result in: placing the health of the individual or unborn child in serious jeopardy; serious impairment to bodily functions; or serious dysfunction of a bodily organ or part. This includes any further medical examination and such treatment as may be required to stabilize the medical condition. This also includes if there is inadequate time to affect a safe transfer of a pregnant woman to another hospital before delivery or such transfer may pose a threat to the health or safety of the woman or unborn child.</p> <p>Urgent – The plan covers out-of-network treatment of a non-life-threatening condition that requires care by a health care professional within 24 hours.</p>	<p>Except as indicated below, you should not be billed by an out-of-network health care professional or facility, for any amount in excess of any deductible, copayment or coinsurance amounts (also known as “cost-sharing”) applicable to the same services when received in-network. If you receive a bill for any other amount, please contact Cigna at the phone number shown on your I.D. card, and/or file a complaint with the New Jersey Department of Banking and Insurance:  <a href="https://www.state.nj.us/dobi/consumer.htm">https://www.state.nj.us/dobi/consumer.htm</a>.</p> <p>Your carrier and the out-of-network health care professional/facility may negotiate and settle on an amount that is ultimately paid for the emergent/urgent medical services. If that negotiated amount exceeds what was indicated on the initial Explanation of Benefits (EOB), your out-of-pocket cost-sharing liability may increase above the amount indicated on the initial EOB. Your total final costs will be provided on the final EOB if settled.</p> <p>If an agreement cannot be reached, your carrier or the out-of-network health care professional/facility may seek to enter into binding arbitration to determine the amount to be paid for the medical services. If arbitration is conducted, you will also receive a final EOB that will show the total allowed charge/amount for the service(s).</p>

Inadvertent out-of-network services	<p>The plan covers treatment by an out-of-network health care professional for covered services when you use an in-network health care facility (e.g., hospital, ambulatory surgical center, etc.) and, for any reason, in-network health care services are unavailable or provided by an out-of-network health care professional in that in-network facility. This includes laboratory testing ordered by an in-network health care professional and performed by an out-of-network bio-analytical laboratory (e.g., imaging, x-rays, blood tests, and anesthesia).</p>	<p>Except as indicated below, you should not be billed by an out-of-network health care professional or facility, for any amount in excess of any deductible, copayment or coinsurance amounts (also known as “cost-sharing”) applicable to the same services when received in-network. If you receive a bill for any other amount, please contact Cigna at the number above, and/or file a complaint with the New Jersey Department of Banking and Insurance: <a href="https://www.state.nj.us/dobi/consumer.htm">https://www.state.nj.us/dobi/consumer.htm</a>.</p> <p>Your carrier and the out-of-network health care professional/facility may negotiate and settle on an amount that is ultimately paid for the inadvertent out-of-network services. If that negotiated amount exceeds what was indicated on the initial Explanation of Benefits (EOB), your out-of-pocket cost-sharing liability may increase above the amount indicated on the initial EOB. Your total final costs will be provided on the final EOB if settled.</p> <p>If an agreement cannot be reached, your carrier or the out-of-network health care professional/facility may seek to enter into binding arbitration to determine the amount to be paid for the medical services. Treatment from out-of-network health care professionals/facilities if in-network health care professionals/facilities are unavailable.	Plans are required to have adequate networks to provide you with access to professional/facilities within certain time/distance requirements so you can obtain medically necessary treatment of all illnesses or injuries covered by your plan.	You can request through an appeal, often called a request for an “in-plan exception”, treatment from an out-of-network health care professional/facility when an in-network health care professional/facility is unavailable. Please see the New Jersey Department of Banking and Insurance’s guide at: <a href="https://nj.gov/dobi/appeal/">https://nj.gov/dobi/appeal/</a> .

The Plan covers	What this means	How am I protected by NJ law?
Voluntary out-of-network services	<p>The plan covers treatment by an out-of-network health care professional/facility when you knowingly, voluntarily and specifically select an out-of-network health care professional/facility, even if you have the opportunity to be serviced by an in-network health care professional/facility.</p> <p>The plan covers voluntary out-of-network services subject to any deductible, copays and/or coinsurance amounts as described in the plan.</p> <p>Please be advised that the ALLOWED CHARGE/AMOUNT (discussed above) is not the same as the amount billed by the out-of-network health care professional/facility, and is usually less. The allowed charge/amount is calculated as described in the plan's Maximum Reimbursable Charge definition.</p> <p>You will be RESPONSIBLE FOR PAYMENT OF: a) your cost-sharing portion of that allowed charge/amount as disclosed above; PLUS b) the difference between the allowed charge/amount and the amount the out-of-network health care professional/facility bills for the services (commonly referred to as the "balance bill").</p>	<p>Carriers must provide ready access to information above how to determine when a health care professional/facility is in-network. Please contact Cigna if you have any questions about the status of a particular professional/facility.</p> <p>Additionally, health care professionals/facilities must disclose to you, in writing or on a website, the plans in which they participate as in-network providers. Note, indications that a professional/facility "accepts" a certain health plan does not necessarily indicate in-network status. So, when seeking treatment, you can check with Cigna and your prospective health care professional/facility.</p> <p>Carriers must provide a method to enable you to be able to calculate an estimate of out-of-network costs when voluntarily seeking to use an out-of-network health care professional/facility.</p> <p>You can contact Cigna via the methods above to obtain more information regarding the allowed charge/amounts for specific services if you can provide a current procedural terminology (CPT) code. If you do not have a CPT code, you can estimate your costs by visiting the website <a href="https://www.fairhealthconsumer.org">https://www.fairhealthconsumer.org</a> and follow the prompts to view cost estimates for specific services in a geographic area.</p> <p>PLEASE NOTE: ANY ESTIMATES FOR OUT-OF-NETWORK COSTS DO NOT TAKE INTO ACCOUNT THE AMOUNTS THAT MAY HAVE ALREADY BEEN PAID FOR COST-SHARING THAT ACCUMULATES TOWARD ANY OUT-OF-POCKET MAXIMUMS.</p>
