Please print or type. The primary purpose of this form is to lay out the courses required to complete your degree program and when you expect to take each of them. You may then use it to track your own progress to the degree. You should revise it as needed. Please indicate the term when you expect to take each course (e.g., 2015F, 2016S, etc.). Roman numerals indicate the standard curriculum time schedule. If a choice of course is given for the requirement, circle the appropriate course number. For electives, fill in the course number. Any course taken elsewhere should be marked TR. An additional study plan will be required if any of you wish to receive a minor or a second degree.

Notes:

1. Humanities Requirement i Four additional humanities classes. At least one must be at the 100 or 200 level, at least one must be at the 300 or 400 level, and courses must cover at least two different disciplines within CAL.
2. Civil Engineering Technical Electives should be chosen from any 500 and 600 level course in Civil, Environmental, Ocean, and Mechanical Engineering. At least one of the Civil Technical Electives should be chosen from EN 377, CE 410 or CE 541.
3. General Education Electives – chosen by the student – can be any approved 3 or 4 credit course used towards a minor, major concentration, research, independent study, language courses, or a course taken during international experience.
4. IDE 400 can be taken concurrently with IDE 401 in Term VII as determined by the engineering program.
5. These courses are the Core major courses for the Civil Engineering program.
6. Civil Engineering students must take CH 116 (with or without lab) & BIO 281 (with or without lab) or CE 240 as long as one lab between these courses is included to satisfy this Science Elective requirement. The Science elective lab can be taken either in Term II or Term IV.
7. PE Requirements-All students must complete a minimum of four semesters of Physical Education (P.E.) in nonrepeating courses. No credit or grades are awarded for P.E. classes. Participation in varsity and club sports may be used to satisfy all four of the Physical Education requirements.
