To Faculty, Staff and Students:

Many questions are arising regarding the potential impacts to Stevens of a federal government shutdown. To the best of our knowledge and based on guidance from higher education and research organizations, impacts that may be felt will vary based on the organizational unit.

The American Council on Education has issued [this bulletin](#) as guidance and provides updates on a periodic basis.

A more [detailed assessment](#) of the potential impacts on the research enterprise has been developed by the Council on Governmental Relations.

Faculty, staff and students are encouraged to check these resources for news and updates.

Sincerely,

Beth McGrath  
Vice President for University Relations  
and Chief of Staff

Edmund Synakowski  
Vice Provost for Research and Innovation
