

Bachelor of Engineering Study Plan - Entering Fall 2026 and later

Name: _____ ID: _____ E-mail: _____ Class: _____

Major: **Biomedical Engineering**

Instructions Please print or type. The purpose of this study plan is to track your progress to degree completion by outlining the specific courses required for the program and when you expect to take them. Please indicate the term (semester) when you plan to take or have taken each course (e.g., 26F, 27S, 27F, etc.). If a choice of course is given for the requirement, circle the appropriate course number. For electives, fill in the course number. Courses completed via AP/IB or transfer credit should be marked as AP, IB, or TR respectively. Revise this plan as needed. An additional study plan will be required if you wish to pursue a minor or a second degree.

Term	Course	Credits	Grade	Term	Course	Credits	Grade
TERM I				TERM III			
I	CH 115 - General Chemistry I	3.0	_____	III	BIO 181 - Biology and Biotechnology OR	3.0	_____
I	CH 117 - General Chemistry Lab I	1.0	_____		BME 206 - Introduction to Biomedical Engineering Techniques	1.0	_____
I	ENGR 111 - Intro to Engineering Design & Systems Thinking	3.0	_____	III	ENGR 211 - Engineering Statics	3.0	_____
I	ENGR 116 - Introduction to Programming	3.0	_____	III	ENGR 245 - Circuits and Systems	3.0	_____
I	HASS 103 - Writing and Communications Colloquium	3.0	_____	III	MA 221 - Differential Equations	4.0	_____
I	MA 121 - Differential Calculus	2.0	_____	III	PEP 112 - Electricity and Magnetism	3.0	_____
I	MA 122 - Integral Calculus	2.0	_____				
I	PRV 101 - First Year Experience	1.0	_____

_____	CH 580 - Biochemistry I - Cellular Metabolism and Regulation	3.0	_____

NOTES:

- Technical Electives can be selected from available 400-599 courses offered by the Biomedical Engineering program and are intended to provide depth in one of the three areas of concentration.
- General Electives can be selected from available courses offered by programs in SES, SSE, SOB and HASS (including BME courses). Approval from the student's advisor and the course instructor may be required.
- Humanities: Please see [Humanities Requirements](#) for specific requirements.
- SUCCESS Core Curriculum:** Students must complete requirements including PRV 101, and three (3) courses from PRV 201, PRV 202, PRV 203, PRV 204, PRV 205.
